SPECIAL RULE FOR 4 HOURS DEBATE

AN AIR FLEET RAIDS ENGLAND

London, March 6--Twelve persons were killed and thirty-three injured in last night's Zeppelin raid. Three Zeppelins took part in the attack. This information was given out officially today.

The statement follows: "The number of Zeppelins which took part in last night's raid is now believed to have been three. "After crossing the coast the airships took various courses, and from the devious nature of their flight apparently were uncertain as to their bearings. The area visited included Yorkshire, Lincolnshire, Rutland, Huntingdon, Cambridgeshire, Norfolk, Essex and Kent. "As far as known, about forty bombs were dropped altogether.

SPANISH SHIP HITS A ROCK

Santos, Brazil, March 6--The Spanish steamship Principe de Asturias has been sunk by striking a rock. She went to the bottom in five minutes. Eighty members of the crew and fifty-seven passengers have been brought to Santos by the French steamer Vega. A Spanish steamship is standing by.

London, March 6--Lloyds reports that there were 338 passengers and 107 members of the crew on the Principe de Asturias.

POOR OUTLOOK FOR 1916 WHEAT CROP

Columbus, O., March 6--A state bulletin issued today indicates a poor outlook for the 1916 wheat crop in Ohio. The yield will probably be but 71 per cent of the full average the bulletin states. The poor showing is attributed to winter killing resulting from almost no snow protection.

PROSPECT FOR PEACE IS POOR

NO NEARER THAN LAST SPRING SAY COL. HOUSE

Washington, D. C., March 6--Colonel E. M. House, who returned yesterday from Europe, is understood to have told President Wilson today that he found no more prospects for peace during his recent visit to the capitals of belligerent nations than he did on his visit last spring.

Colonel House returned from Europe yesterday after visiting Berlin, London and Paris as a special envoy of President Wilson. Colonel House parried questions as to the status of the armed ship controversy with the statement that those in Washington knew more about the subject

than he did. He absolutely refused to discuss any pending diplomatic questions.

It was understood today that Colonel House expressed great admiration for the way American diplomats abroad were carrying on their work. Charlottesville, Va., March 6--Rev. C. E. Watts, aged 83 years, and a widely known Methodist minister in Virginia, has enrolled as a student in the academic school of the University of Virginia. This is the second time he has entered the university, having been a member of the class of 1855-56, when he had as his classmates Senator Thomas S. Martin of Virginia and former U. S. Senators Isidore Rayner, of Maryland, and John W. Daniel of Virginia.

STATES CAN TAX TRADE COUPONS

Washington, D. C., March 6--By holding that the states have the power to impose taxes, large or small, on trade coupons redeemable in premiums, the supreme court today put the legality of premium advertising, by which it is estimated \$125,000,000 worth of merchandise is sold annually within the scope of state laws.

CAR STRIKE IN WASHINGTON

Washington, D. C., March 6--The capital of the United States realized fully today that it had a street car strike on its hands. When the companies began running cars this morning with the few men who stuck to their posts and recruit crews they managed to give a service equal to about 25 per cent of the normal. The result was that between the hours of 8 and 9 o'clock, when not less than 100,000 folk move to their daily work, the few cars operating were hopelessly overloaded in the early stage of their trips and tens of thousands walked.

Mother Lying On Street Car Tracks Exposed To Cold Is Visited By Stork

Toledo, March 6--On a storm-swept street, prone on the snow between car tracks and exposed to the bitter wind and biting sleet, Mrs. Fred J. Jones, 27, formerly of

Detroit, gave birth to a ten pound boy at 7 o'clock this morning. Her husband, a stranger in the city, knelt by her side and comforted her in her anguish. George Gensbecher, private citizen, picked

up the baby and carried it into an undertaking office. The mother was removed to his home in the police patrol. The child is said to show no ill effects from the exposure and the mother is doing well.

FEELS COMPLEMENTED

Cleveland, O., March 6--"I have nothing to say except that I feel complimented by the President's confidence. I am deeply grateful and certainly appreciate what he has done. These were the words of Newton Diehl Baker, formerly mayor of Cleveland today when asked for a statement regarding his appointment by President Wilson to be Secretary of War. Mr. Baker confirmed his acceptance and then continued arguing a law suit in common pleas court, in which he was engaged when the word came to him that his appointment had been announced.

Washington, March 6--Newton D. Baker, former mayor of Cleveland, has been selected by President Wilson for secretary of war. Mr. Baker has accepted the position and is now arranging his affairs in Cleveland preparatory to coming to Washington to take up his duties.

Mr. Baker formerly was mayor of Cleveland. His name had been mentioned in connection with the position several times. He was offered a place when the cabinet was formed but declined.

The selection of Mr. Baker is understood to have been discussed by President Wilson with Colonel E. M. House soon after the latter's arrival here this morning.

When President Wilson was making up his cabinet in 1913 he offered the place of secretary of the interior to Mr. Baker twice. Mr. Baker then was mayor of Cleveland and declined for that reason.

The president and Mr. Baker have been close friends for some time and have corresponded frequently. Mr. Baker is said by his friends to be in close sympathy with the president's policies, and is known to have had the support of some members of the cabinet for the war office.

When President Wilson recently was touring the middle-west on his preparedness program he saw Mr. Baker in Cleveland and had a long talk with him. Mr. Baker has been in Washington frequently of late and on his last visit said he had not been offered the post of secretary of war, and did not believe he would be. Ever since Lindley M. Garrison resigned the president has been seeking a middle-western lawyer for the place. At the White House today it was neither officially confirmed or denied that Mr. Baker would get the place. Officials strongly encouraged the use of his name and it was understood that Mr. Baker had been definitely selected.

The thirty day period for which Major General Hugh L. Scott, chief of staff, was designated secretary of war ad interim, will expire March 11. It is believed Mr. Baker's nomination will be sent to the senate before that time.

At the time of the Baltimore convention when President Wilson was nominated, Mr. Baker was prominently mentioned for the vice-presidency because of the fight he made in support of Mr. Wilson. He went to the convention as a Wilson supporter and fought successfully against the application of the unit rule to the Ohio delegation. Mr. Baker has been known for years as a leader of the Ohio bar, and is highly regarded by the president as a lawyer. Mr. Wilson wanted the place filled by a lawyer because of legal questions constantly arising in the administration of the war.

1,000 FRENCH TAKEN

Berlin, March 6--(via London) Capture of nearly 1,000 French near Verdun on Saturday and Sunday was announced today by the war office.

New York, March 6--The slaying attacks of the German infantry in the Verdun region evidently have been suspended for the time being, as neither of the official statements of today mentions any activity by the infantry arm, and the Berlin statements notes a slackening in the struggle.

The deadlock in the Douaumont region, northeast of the fortress, where desperate battling for Douaumont village had been going on for several days, thus is continuing, but the big guns still are busy in preparation for further operations. The shell fire has been notably violent toward the French left flank beyond the westerly bank of the Meuse.

While the heavy bombardment by the Germans continues not only here, but on the French right flank in the Woerthe region, indicating the possibility that infantry movements of an important nature may be expected in attempted enveloping operations, attention also is being directed further to the west to the Argonne region immediately adjoining the Verdun sector.

NOMINATES FRANCIS TO RUSSIA

Washington, D. C., March 6--David R. Francis, former governor of Missouri, was nominated today by President Wilson, to be ambassador to Russia, succeeding George T. Marre, who resigned.

GEO. B. COX IS BETTER RESIGN JOBS

Cincinnati, O., March 6--A slight change for the better in the condition of George B. Cox, who was stricken with paralysis last week, was reported by his physicians today.

Washington, D. C., March 6--The supreme court today held constitutional the Washington and Florida trading stamp laws.

Don't let any o' th' ancient and honorable tribe o' fishermen get so interested in standin' around talkin' th' ride and cannon brand o' preparedness that they allow th' fishin' season t' slip up on 'em unawares. Th' fishermen who gets caught up that way is a disgrace t' th' profession. Many a flower o' statesmanship is born t' blush unseen at th' corner grocery or drug store. Here's for tomorrow: Ohio--Rain and warmer tonight. Tuesday partly cloudy and somewhat colder with probably snow near Lake Erie. Kentucky--Partly cloudy in South. Local rains in north portion. Colder. Tuesday fair and colder. West Virginia--Rain and warmer tonight. Tuesday cloudy and colder. Probably rain in east portion.

LOCAL AUTHORITIES THINK COOPER HAD PLANNED TO KILL HIS WIFE

(Bulletin)
Cooper was arraigned before Judge Thomas this afternoon and given an indefinite term in the penitentiary.

Sheriff Pete Smith returned late Saturday evening from Anderson, Ind., where he arrested Allice Cooper on an affidavit charging him with child abandonment and failure to provide. The prisoner was brought back to this city and lodged in the county jail.

When arrested at Anderson, Cooper, who is charged with abandoning his wife and three little children in this city, August, 1912, had a 38 calibre revolver, which the local authorities believe, Cooper intended to use on his wife.

Cooper was taken before Judge Thomas C. Beatty, probate court, when brought back, and told the judge that he did not care about his arrest as he had been having a good time for the past four years.

Judge Beatty said that Cooper had been before him several times on the same charge and he had always released him on promises of good behavior.

Two weeks ago, Mrs. Cooper received a letter from her husband stating that he was becoming tired of wandering about without his wife and asked her to come to him. Mrs. Cooper took the communication to Judge Beatty, who advised her to write him and ask for some money.

A few days later, Mrs. Cooper received a letter from her husband, enclosing \$10 and asked her to meet him at the depot in Anderson, Ind., on a certain date. This message was shown the judge, who related the details of the case to Sheriff E. W. Smith, and plans were laid for Cooper's capture.

The chief of police of Anderson was furnished a description of the man and a warrant for his arrest. The officer visited the depot at the appointed time and noticed a man answering to the description to Cooper, accosted him. The fellow denied that his name was Cooper and asserted that he was waiting for his cousin.

Believing that he had the right man, the chief placed him under arrest and took him to the jail. When searched a 38 calibre pistol was found fastened about his right leg.

Local officials believe that Cooper intended to take his wife to a lonely spot and kill her with the revolver which he had concealed.

Flooded With Complaints
The city officials in the past few days have been flooded with complaints regarding vaults overflowing and producing offensive odors.

The same conditions seem to prevail in all parts of the city and are due, it is thought, to the heavy atmosphere and the fact that because of the great amount of rain and snow the ground is soaked with water.

Representatives from Cincinnati, Chillicothe, Wellston, Ironton, Coalgrove, Manchester, McDermott, Harrisonville and Stockdale were present.

"Lighthouse Christians" Subject Of Sermon By Rev. P. E. Wright

Sunday morning Rev. Wright took for his text: "Let your light so shine before men that they will see your good works and glorify your father which is in heaven."

His subject was "Lighthouse Christians". This text is one of the most familiar in the Bible, but is one of the hardest to live. There are many men, I am sure, who would let their light shine before if it were not for their Father which is in heaven. A great many people are interested in the shining of their fellowmen than themselves. Jesus said, "Let your light shine and not the other fellow's." We should as Christians all be light houses to light others to Jesus. The only way that God has to reach the unsaved today is through human instruments. As the moon and the stars reflect the brightness of the sun so you and I as Christians are the reflection of that light which is Jesus Christ. The next thought that I want to take up is how to shine. It is our duty to let our light shine brightly.

"The astronomers tell us that some of the smallest stars shine the brightest. It is because they are nearest the sun. And I believe that these Christians who are shining the brightest are living nearest to the Christ. So it is that some of the folks who shine the brightest in this world are those who are smallest in their own eyes. If you would be a shining light as Jesus intends you to be, be assured that you cannot shine for God, you cannot reflect his brightness unless you live near to Him.

"And in order to shine brightly it means that your lamps must be trimmed; that the wick which is the life, the soul, the real must be trimmed of all its worldliness. If you are not putting the church first and other things second, you are not a 'Lighthouse Christian.' When the heart's right then you can shine for God. It means that the chimneys of our lamps must be cleaned up. That is our bodies must be kept in good conditions. They should be held sacred as the temple of our souls.

"Again, a dull light is no good. How do you think God can use a man or woman that goes around trying to shine with their lamps all blackened up with sins? We must shine conspicuously. Now, the most conspicuous place to shine is in the home; the next is about our business. Let the folks you do business with know you are a Christian by your life. In the next place, let us shine individually. You church members should not be so much concerned with the condition of the church as you are with your self. Unless you do your part as an individual, as far as you are concerned, this revival will be a failure. Furthermore, if you do not shine individually, your soul may point his finger at you on the Judgment Day and say: 'You did not do your duty. May you realize that the success of this revival depends upon your individual efforts; may you go down on your knees and say: 'Oh God, help me to do my best.'"

"Lastly, let your light shine continually, not spasmodically. Safety to many depends upon the steady shining of the light in 'Lighthouse Christians.' In the evening Rev. Wright's sermon was well received.

Regulations Catholics Will Observe During Lenten Period

The following are the Catholic regulations for Lent in accordance with the Pope's Indult: Ash Wednesday, the first day of Lent falls on the 8th day of March.

- 1st. All the faithful who have completed their twenty-first year and are not over the age of sixty, are, unless hindered by hard work or by sickness, bound to observe the fast of Lent.
- 2nd. All who are obliged to fast, must abstain from the use of meat, and take only one full meal a day, which is usually about noon. The Sundays are not fast days.
- 3rd. The use of meat, by special dispensation, is allowed at any time on Sunday, and at the one principal meal on Mondays, Tuesdays, Thursdays and Saturdays, with the exception of Ember Saturday, March 18th, and Holy Saturday, April 22nd.
- 4th. Meat and fish must not be eaten at the same meal, not even on the Sundays of Lent.
5. Eggs, butter, cheese, and milk are allowed at dinner and the evening collation.
6. A small refreshment, commonly called collation, is allowed in the evening. It should not exceed the fourth part of an ordinary meal or eight ounces.
- 7th. In the morning some warm liquid, such as tea, coffee, or thin chocolate, together with a small piece of bread, may be taken, no butter or other condiment is allowed.
- 8th. Lard and suet may be used in preparing permitted food.
- 9th. When dinner cannot be taken at noon, it is allowed to invert the order, taking the collation earlier in the day, and dinner in the evening.
- 10th. Persons exempted from fasting, namely, on account of tender or advanced age, hard labor, or sickness, are allowed to eat meat more than once a day on days when the use of meat is allowed.

Dispensation From Abstinence Granted To Working People
On March 15, 1895, the Holy Father, Leo XIII, authorized Bishops to dispense working people from the law of abstinence.

The pastors who believe that the working classes of their locality are entitled to the benefits of the Indult, will so advise the Bishop, and a dispensation will be granted to the faithful of those day morning for Buena Vista, where he will attend a special meeting of the Buena Vista board of education.

Will Be At Buena Vista.
Prof. E. O. McCowan, county superintendent, will leave Tuesday morning for Buena Vista, where he will attend a special meeting of the Buena Vista board of education.

Judge Corn Is Coming
Judge E. E. Corn of the Lawrence county court of common pleas will arrive in Portsmouth Tuesday morning to hear the case of the State of Ohio against Mark Ferguson Churchill, who is charged with shooting Frank Poole with intent to kill.

Attorney George W. Sheppard will represent the defendant.

Meeting Postponed.
Owing to the sickness of Fred Raymond, Sylvester Birch and Lee Brady of the Bloom township school board and Samuel Boer of the South Webster school board, the joint meeting, which was to have been held Saturday afternoon at South Webster was postponed.

The meeting was called to discuss plans for a new school building.

Mr. Fowler At Meeting
Virgil Fowler, proprietor of the Camera Shop, left Monday afternoon for Cleveland to attend the annual meeting of the American Graphic Dealers' Association. While there he will also take a special course in X-ray photography.

MAY HOLD HOSEY GIRL INQUEST THIS WEEK

Although the detectives who are investigating the death of Miss Estella Hosey were still busy running down clues and had not yet made their final report Monday, Coroner Dr. J. W. Daehler expressed the hope that he would be able to hold an inquest some time this week.

No further search for the dead girl's missing hat will be made in the Millbrook park lake, where her body was found February 10th, said Prosecutor Mickelthwait, Monday. The lake "arm" was thoroughly dragged by Park Keeper Henry Koger, and Marshal W. I. Davis Saturday afternoon. They started to work at noon and dragged the "arm" for fully two hours, they said, and both men were positive that the hat was not in the water.

Will Not Drain The Big Lake

No attempt will be made to drain the big lake, said Mr. Mickelthwait. It could not be done without greatly discommoding and damaging the steel plant, then there is the uncertainty of the girl having originally been in the big lake and besides the finding of the hat would not necessarily mean anything save to eliminate certain theories, said he.

All sorts of rumors filled the air Monday and one which caused the greatest stir was that a young man who has been mentioned in connection with the case had been arrested and confessed to the murder, implicating two other young men.

Rumors Are Denied

Prosecuting Attorney Mickelthwait and Sheriff E. W. Smith both denied the reports and declared that there was not the slightest foundation for them. The reports seemed to have originated at New Boston.

Chester Lucas, a steel worker, of Stewartville, is another person who is positive of having seen the body of Miss Hosey a day or so before it was found floating in the lake "arm."

Lucas had been going over some steel traps he had set for catching rats. It was early in the morning and before daybreak. He saw something floating in the water about 30 feet north of the bridge leading from the old park entrance to the dancing pavilion. He dismissed it at the time with the thought that it was perhaps a dead dog.

A large number attended the Sunday evening services at the Baptist church, Rev. Morris Bridwell using as his subject, "What It Costs Not To Be A Christian." "Who would start to erect a building without first counting the cost? Have you counted the cost of living without Christ? The Christian must sacrifice if he would follow the ways of Christ. The one who is not a Christian must sacrifice for the most and he does not reason the cost. It costs him an easy conscience; the sense of security, the companionship of Christ, the loss of the highest type of manhood, and the loss of eternal life. For what profiteth it a man if he gains the whole world and loathes his own soul?"

Walter Dugby had charge of the Sunday evening services at the Christian church. Miss Golda O'Neal lead in the meeting of the Christian Endeavor Society.

Build around ideal heating!

A frequent sign of the times is to see the radiators and boiler delivered on the lot before the cellar is dug. Every one knows at a glance that a desirable, comfortable building is going up. It is the sign guaranteeing to the neighborhood and home-seekers, that the building is to be modern, instead of starting as old-fashioned. It notifies all that the new building is to have the biggest convenience and economy found in any building—the genuine coal saving, guaranteed, permanent heating outfit of

"Select radiator heating first and build around it. Makes the house a HOME!"

AMERICAN & IDEAL RADIATORS & BOILERS

This ideal heating outfit is the only building equipment that stays worth all you pay for it, and in fifty years of use repeatedly repays its original cost through fuel savings. Can you possibly invest money better or more safely than this?

IDEAL Boilers and AMERICAN Radiators supply the heat that costs the least because they make every pound of fuel yield the full volume of heat. They silently and steadily meet the sudden weather changes, warming all rooms, halls and basements alike. They protect the family health with cleanly warmth—no ash-dust, soot, or coal gases reach the living rooms—which saves much wear on furnishings and decorations.

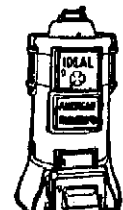

A No. 4111 IDEAL Boiler and 410 sq. ft. of 36 in. AMERICAN Radiators, costing the owner \$1900, would heat this cottage. At this price the model can be bought of any reputable, competent fitter. This did not include cost of labor, pipe, valves, freight, etc., which vary according to climatic and other conditions.

They are absolutely safe. They have every improvement—designed by many experts in our factories in America and abroad. They bring quicker buyer or tenant for your building, or secure a larger loan. You always get back the full price paid for them. They cost less or no more than ordinary types, yet are fully guaranteed.

Get the heat that costs the least!

Made in sizes for flats, stores, schools, churches, public buildings, farm and city homes, old and new. Don't wait until you build—old heaters need not be disturbed until ready to put fire in the new outfit of IDEAL Boilers and AMERICAN Radiators. Start right away to benefit from the heat that costs the least—the heating which guarantees comfort and economy to the end of your days.

Write us for "Ideal Heating" catalog (free). Puts you under no obligation. Now is the time to buy.

IDEAL Boilers have large fuel ports in which the air and coal gases thoroughly mix as in a modern gas or oil mantle or burner, thus extracting every bit of the heat from the fuel. Easier to run than a stove.

Another great labor saver—stationary Vacuum Cleaner, at \$150. You can wonderfully reduce house-labor and highly increase home health and cleanliness by use of ARCO WAND Vacuum Cleaner—sits in basement or side room; works through an iron pipe running to all floors; carries all dirt, dust, insects, and their eggs, etc., to sealed bucket in machine; cleans carpets, furnishings, walls, ceilings, clothing. Ask also for catalog (free). Inquiry puts you under no obligation to buy.

MAN BLOWN TO BITS

A man by the name of Foulty, two horses and a farm wagon were blown to atoms about ten o'clock Monday morning, three miles from Louisa, Ky., according to wire reports which came from Fort Gay, W. Va., just across the river from Louisa. Foulty is the fifth brother of a large family to meet death by being blown to pieces with nitro glycerine. According to the report Foulty had gone to a nitro glycerine magazine, 3 miles from Louisa and had loaded his wagon with the explosive and was on his way back when the wagon struck a big rock, the jar causing the nitro glycerine to explode. The explosive was used to "shoot" oil wells in that part of the country. All that could be found of the man's body was a small portion of one of his hands. The shock of the explosion was felt in Prichard, W. Va., some twelve miles away.

Inspects Plant

W. L. Watson, resident engineer for the J. E. Witmer company, Buffalo, N. Y., with headquarters at Ironton, arrived in Portsmouth Monday morning to inspect the local water works plant.

Want Repairs Made To Roads In County

At the regular session of the county commissioners Monday morning, delegations from Green, Harrison, Brush Creek and Porter townships appeared with requests for road repairs in their vicinity. Practically all of the meeting was devoted to discussing the needs of the delegations. Frank B. Lair, of Harrison township, asked for immediate repairs on the Dixon Mills to South Webster road. H. C. Nossel, K. Smith and Thomas Ellard, of Brush Creek, petitioned for repairs on the Nossel hill road. G. H. Disterdick, of Green township, presented a check for \$100 for services of Dr. H. F. Mause, who was employed by the commissioners to serve as a physician of Green township, his salary to be paid by the township. Several rural citizens called to see if the vouchers, which were held on account of a lack of funds, would be paid. Action in this matter was postponed until the next meeting. Commissioner George H. Hill, of Rushtown, who has been absent for several days, owing to sickness, attended the afternoon meeting of the board.

GRANDVIEW AVE. LEADS HUNTINGTON

Our contest started at fever heat and long before the hour of study pupils thronged into our school. FAITH IS NEVER TO BE DESTROYED SAYS PASTOR

There was a good attendance at the Temple theatre Sunday afternoon to hear Pastor Spring's discourse on "The End of the World." Mr. Spring lectured for one hour and twenty minutes and the deep interest and splendid attention of his audience were commented upon by many who were present.

After examining the prevailing views with reference to the burning of our planet, and explaining that these were once his own views on this subject, the speaker then cited texts usually used to support this theory and, to the evident satisfaction of his audience, proved by other scripture that these had never been misapplied.

"The history of mankind, past, present and future is divided, by the bible, into three great ages or dispensations called in the bible 'Worlds.' The first 1656 years of a man's history which began at the creation of our first parents and extended up until the flood is called, in the bible, 'The world that was.' That period from the flood up to the second advent of Jesus is referred to as 'The world that now is,' and 'the present evil world.' The dispensation to follow this one is denominated, in the bible, 'The world to come.' The speaker then pointed out that this planet, the earth, is the basis for all these 'Worlds' or ages

and that we are living on the same earth as did Adam, Enoch and Noah prior to the flood, although the bible specifically states that the "World" (dispensation) ended with the deluge.

"The word 'world' occurs 234 times in the new testament," said the speaker, "and yet in all but eleven instances it is translated from the Greek word 'aion' signifying age or the Greek word 'cosmos' signifying order or arrangement, i. e. the organization of society, economic, political, governmental and ecclesiastical."

The bible was then copiously quoted to show that the earth will abide forever.

Mr. Spring said that although we frequently hear persons speak of "the end of time" yet there is nothing of this kind in the bible, although the bible does often refer to "the time of the end," which, he explained, refers to a period of time in the end of this age, dispensation or "world," and that this same period is also called "the day of His preparation," i. e. it is the "time of the end," of one dispensation and at the same time the "day of preparation" for an incoming age.

The lecture was one that is calculated to stir up interest in bible study and many were seen taking notes during the discourse, and particularly of the many bible references made.

SUNDAY SCHOOL ATTENDANCE

The bible school attendance Sunday again went over the 6000 mark, there being 6404 present. All the schools reported an increase with Grandview Avenue Christian breaking all former records. There were 436 in attendance at Grandview, the best record heretofore being 399. Christian is still in the lead with 959. Trinity has been in second place for the past two months. Five schools were above the 500 mark. Sunday's records:

SERMON TO BROTHERHOOD

Rev. Samuel Lindenmeyer, pastor of the German Evangelical church, delivered the annual sermon to the members of the German Evangelical Brotherhood Sunday evening. The service was largely attended, ninety members of the Brotherhood going in abode. Rev. Lindenmeyer took

for the subject of the special sermon "The Fellow that Helps the Other Fellow." In the sermon he urged the members of the Brotherhood to work for new church members amongst the men during the Lenten season. Henry Hensge rendered a beautiful solo at this special service.

SEE MANY CITIES, BUT THEY STILL CLING TO PORTSMOUTH

Capt. Emory P. Rickey, counsellor from the Illinois Empire, who with Mrs. Rickey, is touring the southwest, have reached Port Worth, Texas, and "Em" writes a Times man that "they are seeing Texas and Texas steers." None of the many interesting cities they have visited, any ways near the size of our burg, "have anything on old Portsmouth." Even the climate down there is no "great shakes," for when it is too cold up here it is almost always too warm down there to please a northerner and when too damp up here it's a little dry and dusty down in the country of the sand and long-horns, while aqua pura drawn from the famed Rio Grande has an odor that makes our aqua purifiers and mud clarifiers take a back seat. They are enjoying their trip

to the utmost and will be back in time to make garden and for "Em" to get his spring contracting planted.

Entry In Star Case

A journal entry in the case of the F. C. Dunn company against the Star Publishing company was filed in common pleas court Monday by Attorney Will J. Meyer. Judgment in the sum of \$355.70 remains unpaid, according to the document. Of the entire amount claimed, \$483.78 was paid by the sale of a linotype machine.

Coming For Prisoners

Special Officer Johnson, of the Chesapeake and Ohio railroad will arrive in this city late Monday afternoon to take charge of Ben and Henry Kowitz, two alleged brass thieves that broke jail at Catlettsburg, Ky., several days ago, now confined at the local county jail. The pair recently agreed to return to Catlettsburg without extradition papers.

Mrs. Edward Stahler, of Fifth street, is rapidly recovering from her recent surgical operation. She was able to be down stairs Sunday for the first time in many weeks.

Elks Will Enjoy Pre-Lenten Dance On Tomorrow Night

An informal Pre-Lenten dance will be given Tuesday evening at the Elks hall, and all Elks are invited to attend. Davison's orchestra has been engaged, insuring good music.

The committee in charge is composed of Harry Williams, Howard Harsha and J. Frost Davis, and they guarantee a good time to all who can attend. Dancing will start at eight o'clock and stop at twelve.

ST. MARY'S SERVICES

Services on Ash Wednesday morning will be held at 8 o'clock, consisting of blessing and imposition of the ashes and the celebration of high mass. Persons prevented from attending the morning services can receive the blessed ashes on Wednesday night from seven till seven-thirty.

The first Lenten devotions will be held next Friday night at seven-thirty. It will be the Stations of the Cross and Benediction. The meditations of the Way of the Cross are read in English, and the singing is by the entire congregation. Non-Catholics are greatly pleased with this service and are welcome to attend.

The sewing circle will meet in St. Mary's hall Thursday afternoon.

Next Sunday there will be a collection for the Indian and Negro Missions in the United States. Every Tuesday night during Lent the sermon will be delivered by Rev. Henry J. Richter of Hecley whom Father Goebel has engaged to deliver the Lenten course. All Catholics of the city and their non-Catholic friends are invited to hear this eloquent priest.

The Forty Hours' Devotion will be held on March 22-23 and 24. Father Goebel will be assisted by six of the neighboring clergy. St. Mary's church is open every day

of the year from five-thirty in the morning till the same hour in the evening. No less than two hundred and fifty persons are present at the daily service week-day mornings. During the day many persons enter the church for a short time to pray. During the Lenten season the church will be open till eight o'clock every night to give laboring people a chance to visit the church. During the week days of Lent the church is scarcely ever empty as one will find somebody in it at all hours of the day. It may not be known by the public generally but the fact is that St. Mary's is the most used church in town. Persons of any faith are invited to step into St. Mary's on week days if they desire a devotional place in which to pray.

St. Mary's branch church, St. Monica's at New Boston, will surely materialize for the building fund is growing like a rolling snow ball, large amounts in subscriptions and cash being added to it each week.

Sunday Father Goebel baptized Bernard Frederic Crowe, son of James and Margaret Crowe, of Lucasville. Pius J. Frederick and wife were God-parents.

Paul Francis, infant son of William and Carrie Doll, Hutchens St., was also baptized, the sponsors being an uncle and aunt, Frank Doll and Mrs. Val Herbst.

FIRST CHRISTIAN CHURCH NOTES

Section One will meet Thursday afternoon, at 1:30 o'clock, at the home of Mrs. Charles Millison, 347 Front street. Let every member be present as there is important work to do.

Church attendance day will be observed next Sunday. It is desired that all present at the Sunday school services shall remain for preaching.

The official board will hold the regular monthly meeting this evening promptly at 7:30 o'clock.

Prayer meeting Wednesday evening, at 7:15 o'clock. Subject, "Excuses." Rev. Oakley will be the leader. Come and help.

The Philatheas and Willing Workers will banquet the members of the Loyal Sons class at the church on Thursday evening of this week. The Loyal Sons were winners in the recent contest they had with the two young women's classes and the banquet will be in the nature of a celebration for the victors.

Section No. Five will meet with Mrs. Collins, 1723 Grandview avenue Thursday for an all day quilting. All members are asked to be present.

Section Three will meet Thursday

afternoon at the home of Mrs. John Williams, 1208 Chillicothe street. Let all members bring their thimbles as there is work to do.

Section Four will meet at the home of Mrs. W. E. Evans, corner of Seventh and Adams streets, Thursday afternoon. All friends invited.

The Loyal Boreans will meet at the home of the president, Mrs. F. W. Sheridan, 899 John street, Thursday evening, at 7:30 o'clock. Every member of the class kindly asked to come.

The services yesterday were unusually well attended. 950 were present at the Bible school and the exercises were full of interest. The big church was crowded at the night preaching services, Rev. Oakley choosing for his text, "What Church Shall I Join?" It was one of the strongest sermons ever delivered from a local pulpit, and the popular pastor was congratulated on all sides at the close. Three persons united with the church yesterday, two by confession and one by letter.

OHI PIPE THE ANKLE GARTER

Quite a flurry was created in the government square Monday when a chic looking young miss dashed across the esplanade displaying the very latest of fads, an ankle garter.

Make Skin Smooth

There is one safe, dependable treatment that relieves itching, burning, stinging and soothes the skin. Ask any druggist for a 25c bottle of Zemo and apply it as directed. Soon you will find that pimples, black heads, eczema, ringworm and similar skin troubles will disappear. A little Zemo, the penetrating, satisfying liquid, is all that is needed for it banishes all skin eruptions and makes the skin soft, smooth and healthy. Zemo, Cleveland.

Pool and billiard tables in the Smoke House were deserted for the time being as the players scrambled towards the front windows with necks craned, while every office window of the First National bank building seemed to have suddenly become alive with persons whose eyes were all riveted in the same direction, namely at garter or the trim looking ankle that it encased. Even the man who stands on the First National corner day after day was moved from his spot and strangely absent himself to follow the fair one down street.

The ankle garter is made of silk ribbon tied in a bow with streamers hanging down the sides. The fad is from "Down East."

William MacClary, of the sales department of the Whitaker-Glossner company, is slowly improving from an extended illness, and he expects to return to his work possibly this week.

The Markets

NEW YORK STOCKS

New York, March 6.—Despite continued uncertainty regarding conditions at Washington, today's market developed steady strength, with substantial gains in sugars, petroleum and munitions.

The stock exchange opened with more confidence today, this being denoted by the generally higher level of prices. Material gains were again confined to specialties, however, such as Mexican Petroleum, Butte and Superior and Anaconda Coppers, Ameri-

can Zinc and a few of the better known war issues, particularly Crucible Steel, Pressed Steel Car, Baldwin Locomotive and Westinghouse.

Rails were steady and United States Steel responded to a better demand. Dealings continued moderate with speculative interest converging around conditions at Washington.

Prices made further upward progress during the morning, with Manipulative activity in sugars, oils, crucible steel and tobacco products preferred.

Cuban American sugar rose 1/2 and South Porto Rico seven. Mexican Petroleum extended its rise over five points. The movement was shared in variable degree marines, United Fruit, the metal group and Fertilizers,

while various unclassified stocks rose 1 to 2 points. U. S. S. steel and Reading were the only former favorites to show pronounced activity and strength. St. Paul and Pacific mail inclined to heaviness. Quotations eased nominally in some instances before mid-day. Bonds were steady.

Steel, the war group and some representative rails became increasingly active at higher prices later. The closing was strong.

CHICAGO GRAIN AND PROVISIONS

Chicago, March 6.—Bearing estimates of farm reserves in the United States tended today to depress the wheat market. Besides, quotations were lower and it was said tonnage for Argentine and Australian shipments was becoming liberal. The bulls were discouraged also by the absence of any signs of important new export transactions. Opening prices which ranged half to 1 1/2% lower with May at 1.12 1/2% to 1.12 3/4% and July at 1.09 1/2% to 1.10, were followed by a rally but then a fresh decline.

The close was strong 2 1/2% to 2 1/4% to 2 1/2% net higher, with May at 1.15 1/2% and July at 1.12 1/2%.

Corn rose on account of unfavorable weather. Offerings were light. After opening unchanged to 1/2 higher the market scored a substantial general advance.

The close was nervous at 1 1/2% to 1 1/4% to 1 1/2% net advance.

Oats advanced with corn. There was but little pressure to sell. Firmness in the hog market got some strength to provisions. Trade however, was not heavy.

OPENING PRICES Chicago, March 6.—Wheat: May \$1.12 1/2% to \$1.12 3/4%; July \$1.10% to \$1.09 1/2%.

Splendid Scores Being Rolled In Big Tournament At Toledo

Toledo, March 6.—Only a few men were billed to roll in the minor events of the American Bowling Congress tournament in its third day at this city but fans here are predicting big totals.

The Sunday bowling proved the fastest ever seen on an opening day at an A. B. C. meet. W. Heman, surprised the spectators with 530 while W. J. Wendall, a local man nearly topped him with 497 on the same shift. The two-man contest was almost as speedy as four pairs, with Broderick and Mollenkopf of Cincinnati installing that town in first place with 1152.

Considerable quiet work has been done by the Bowling Politicians and it is expected a slate will be prepared for the annual election next Friday that will go through without a murmur of dissent.

P. H. S. Five Will Enter Tournament

Coach Trout of the P. H. S. basketball five received a telegram late Saturday saying that place had been made for the Red and Blue champions in the state basketball tournament which is to be held in Delaware Friday and Saturday of this week.

Boy Scout News

Final Standing.

Won	Lost	Points
Tigers	9	750
East End	7	583
Covenanters	5	417
Eagles	3	250

1916 champion are: Guy Edwards, right forward; Arthur Virgin, left forward; Thano Wilson, center; William Hopkins, right guard; Richard Hopkins, left guard.

The Boy Scout basketball league for season 1916 came to a close Saturday afternoon with the Tigers as pennant winners.

The past season has been the most successful in Scout history, owing to the fact that the four teams were more evenly matched than teams of previous seasons. The Tigers who got a bad start the first of the season hit a winning streak near the middle of the season, and during anniversary week mounted to first place. The East Enders got a big lead and would have tied with the Tigers for pennant honors had they not been defeated by the Eagles late in the season. This spoiled their chances as the Tigers defeated them in their last scheduled game. The Cov-

enants looked as strong as any of the four teams, or possibly stronger, in pre-season games, but hard luck such as having star players crippled and out of the game most of the season prevented them from becoming very strong contenders for the pennant. The Eagles lost six straight games at the beginning of the season and allowed themselves to get hopelessly in the cellar. Their position in the race was not due to poor players for they had many of the stars of the league, but it was a lack of team work. This they finally developed in the last few games of the season, but too late to have pennant aspirations.

In the closing game of the season the Tiger Champs defeated the Eagles by the close score of 18 to 14. The Tigers made great gains in the second half due to the fast work of Edwards who threw six field goals and by so doing mounted to second place in the league race for individual points scored. The score:

Tigers.....Eagles
Edwards.....RF.....Blake
Virgin.....LF.....Houghton
Wilson.....C.....Walker
Hopkins.....RG.....Hopper
Hopkins.....LG.....Kowles
Field Goals—Walker 1; Blake 2; Houghton 4; Edwards 6; Virgin 2; R. Hopkins 1. Referee—Wagner.

EAST END CLOSERS SECOND.

By defeating the Covenanters last Saturday the East Enders hold second place in the league standing. The contest was extremely exciting from start to finish. The first half closed in a tie with the score 6 and 6. Williams

BIRTH RATE OF CITY DECIDEDLY LARGER THAN THE DEATH RATE; OTHER STATISTICS

According to the annual report of John W. Berndt, clerk of the Board of Health which was submitted at the regular meeting of the board held Monday afternoon at the council chamber, there were 691 births in the city during past year, of which 360 were males and 331 were females. Estimating the population at 30,000, Mr. Berndt says that the death rate for the past twelve months was 12 per thousand against a birth rate of 22.70, making a gain in the birth rate over the death rate of 10.70. In all there were 360 deaths. The expense of maintaining the health department for the year was \$4,433.71.

The report is as follows: Portsmouth, Ohio, March 6, 1916. To Honorable Council, Portsmouth, Ohio.

In compliance with the statutes of this state, the Board of Health of this city respectfully submit their annual report for the fiscal year ending December 31st, 1915. The bills approved by this board and certified to the city auditor for payment amounted to \$4,433.71 and are itemized as follows:

General Administration.	
Health office salary	\$ 720.00
City physician salary	900.00
Clerk salary	300.00
Stationery and supplies	49.40
Incidentals	14.40
Sanitary.	
Medical supplies	337.05
Quarantine.	
Guards and Nurses	60.00
Medical supplies	5.00
Food supplies	62.00
Incidentals	107.32
Inspections.	
Plumbing & Sanitary Inspector	1200.00
Dairy inspector salary	450.00
Incidentals	41.44
Miscellaneous.	
Burying animals	187.50

Total \$4433.71

During the year the health officer has quarantined the following contagious and infectious diseases, and the number of cases of each: Diphtheria 99 and scarlet fever 87, total 186 cases; and the buildings containing the same have all been thoroughly fumigated.

The total number of deaths from all causes during the year were as follows: Zymotic diseases 24, constitutional diseases 101, local diseases 183, violence 29, still births 23; making a total of 360, which are divided as follows: Males 193 and females 167, whites 333 and blacks 22.

The total number of births reported during the year were 691, and are divided as follows: Males 360 and females 331; whites 666 and blacks 15.

Estimating the population of the city at 30,000 the death rate for the year was 12 per 1000 and the birth rate 22.70 per 1000.

The following is a summary of work performed by the city physician during the year: Number of visits made 2772, office calls 361, obstetrical cases 32, and surgical operations 14.

The plumbing and sanitary inspector has made 176 inspections of new work, 402 inspections of old work, 178 inspections of extensions, 471 complaints investigated, 237 miscellaneous inspections, and 83 final inspections, making a total of 1547 inspections. He has discovered 204 defects in old work and 32 defects in new work, all of which have been remedied. He has examined and approved 287 specifications of plumbing for which he has issued permits and he has also issued 106 permits for the construction or cleaning of vaults. He has collected the sum of \$758.50 for the issuance of permits, which amount has been paid into the city treasury.

The dairy and milk inspector and bacteriologist has made 81 inspections of dairies, practically every dairy supplying milk to this city having been inspected during the year. The licenses of four dairymen have been revoked on account of unsanitary conditions. He has also made 50 bacteriological examinations of milk samples and 106 bacteriological examinations for contagious diseases.

The clerk has issued 403 permits for the burial or removal of deceased persons, 86 permits to persons to sell milk, and has made 5 certified copies of death certificates for which he has collected \$45.30. This amount together with \$ 24 for the sale of extra milk tags has been paid into the city treasury.

Respectfully submitted,
JOHN W. BERNDT, Clerk.

OBITUARY

Laid To Rest

The funeral services of the late Mrs. Asa White were conducted at Harrisonville Monday morning at 10 o'clock and interment was made in the White cemetery, four miles east of Harrisonville. Mrs. White was for years a resident of this city and passed away at her home here last Friday.

Mrs. Francis McGlone Hubbard

Mrs. Francis McGlone Hubbard, widow of the late Stephen Hubbard, who died 19 years ago, passed away, Sunday morning at 6:05 o'clock, 736 Eighth street. Mrs. Hubbard suffered a stroke of paralysis Friday night and she never rallied from it, remaining in an unconscious condition until her death.

Mrs. Hubbard was born in Lewis county, Kentucky, and would have been 82 years old had she lived until next June. She had for 48 years been a highly honored resident of Portsmouth. Seven children as follows survive: Jesse of Columbus, Jacob and Jonas, twins, of this city, Earl of California, Mrs. Anna Jeanes of Cincinnati, Mrs. Ida Heron of Ma-bert Road and Mrs. James Rice of this city. One brother, Jos. McGlone of Springfield, O., 24 grand children, 28 great-grand children and one great-grand-grand child also survive.

Mrs. Hubbard was noted for her deeds of charity and kindness and she will be greatly missed.

The funeral services will be conducted by Rev. Chas. Oakley, pastor of the First Christian church and interment will be made in Greenlawn.

James Stevens

The funeral of James Stevens, who died Saturday in Wheelersburg, was held from the Wheelersburg Methodist church Sunday afternoon, at 1:30, with Rev. Hager in charge. Interment was made in Wheelersburg cemetery.

That the Scioto Division of the N. & W. contains some of the best men in the railroad business, is shown by the promotion of another one of the popular clerks, George Bruch, who has been chief clerk to the Trainmaster for about four years at the division offices here. Mr. Bruch has been promoted to the position of general time keeper and works as assistant in the N. & W. stationmaster's office at Roanoke, and left Sunday evening to take up his new duties. In the discharge of his new work Mr. Bruch will be forced to do considerable traveling. Oscar Seth, stenographer in the trainmaster's office, has succeeded Bruch, with Max Jacobs taking Seth's place as stenographer. Bruch has worked for the N. & W. for about ten years and filled several different positions, working some time as file clerk and stenographer.

Edward Petry resumed his duties as chief clerk to General Foreman G. W. Keller, Monday morning, after a wedding trip to Cincinnati. Ed is busy receiving the congratulations of his many friends and fellow clerks.

SOCIETY

The Y. W. O. A. Vesper service held Sunday afternoon at the Second Presbyterian church ended the Y. W. O. A. Jubilee month. The delightful organ recital was presented by Miss Edna Marting, who played beautiful numbers on the organ, and Mrs. H. C. Bugh also sang beautifully. The meeting was in charge of the president, Mrs. Henry Heer. Mrs. W. W. Gates, chairman of the religious committee, led the devotions. Miss Heacock introduced the speaker, Miss Taylor, who recently returned from the Orient. Miss Taylor is a volunteer worker in Cincinnati and also through Ohio and West Virginia. On her way home from the Orient she stopped in San Francisco and Los Angeles, Cal., where she gave talks. Her talk was most interesting, telling of her work in Japan and Ceylon, she being general secretary of the Y. W. O. A. at Colombo. She also told of the life-work of the late Miss Grace Dodge and of the organizations she had started. The college in Constantinople being the most cosmopolitan on the continent, and also talked of the Grace Dodge Memorial Fund. The vesper was a delightful ending to the Jubilee month. In the evening Miss Taylor talked to the girls at the Y. W. O. A., telling her many experiences while in the Orient.

The Central W. O. T. U. will meet Tuesday evening at 7:30 o'clock at the home of Mrs. J. P. Smith, 516 Union street. All members are urged to be present. An offering will be taken for the Frances Willard Memorial Fund.

Miss Hazel Drew leaves Thursday for a visit with relatives and friends in the East.

A "birthday" party was recently given at the home of Mr. Joseph Dunn, in honor of Mr. Charlie Hughes' forty-eighth birthday anniversary. Games were followed by dainty refreshments. All departed at a late hour, wishing Mr. Hughes many more happy birthdays. Those present were as follows: Misses Bessie Yoley, Gladys and Vina Schuler, Esther Cook, Clara and Eunice Hensley, Minnie and Dora Bolander, Bess Grashel, Mary and Agnes Turner, Bertha Allard, Della and Nora Yoley, Ella White, Temperance Sherman, Fanny Etterling, Edith Hall, Mary Reed; Messrs. Raymond Ash, Price Sherman, Howard and Ralph Hansgen, Chester Reed, Philip Bolander, Ray Schuler, John Gadell, Eugene Smith, Harry Fulkner, Merritt Bisco, Albert Coghlin, Pearl Cook, Royal and Wesley Fritz, Walter and Ray Bussey, Charlie and Alvin White, Albert, Floyd and Fred Grashel, Cecil Clark, Jess Ashley, Homer Morgan, Ben Yoley, Overt Guss, Dewey and Allen Ootie, Pat Yoley, Asa Dunn, Dink Hugh, Mr. and Mrs. Frank Abrams, Mr. and Mrs. Charlie Hughes, Mr. Joe Dunn.

The Bethany class of the Fourth Street Methodist Sunday school will hold the regular monthly meeting Tuesday evening at the home of Mrs. George Coriell, corner of Eleventh and Dawson streets.

Prof. and Mrs. W. W. Boyd, of Oxford, will arrive this evening to visit at the home of Mr. and Mrs. Irving Drew. Professor Boyd is president of the Western College.

Mrs. Charles Streuber successfully planned a birthday party in honor of Mr. Streuber's birthday anniversary. A friend came for Mr. Streuber and took him for an automobile ride for the afternoon, bringing him back home as the dinner was ready to be served and the guests had all assembled at his home. They were the members of the Six-Hand Euchre Club and their husbands, as follows: Messrs. and Mesdames J. J. Brushart, Louis Hurth, Adolph Glesner, Otto Emmert, John Snyder and Charles Streuber. The beautiful birthday cake, with the proper number of candles, in the green and white colors, was the central adornment of the table, which was decorated in green and white. The elegant menu was served in three courses. After dinner the evening was spent in playing five hundred. Mrs. Brushart making the highest score of the women, was given a silver butter plate. Mr. Otto Emmert won the prize for the men, two handsome decks of cards. The delightful party ended at a late hour, when guests took their departure, wishing the host many more happy birthdays.

Joe Gardner, son of Mr. and Mrs. D. E. Gardner, of the Hilltop, returned from Jackson, Mich., Monday, for a short visit. Mr. Gardner, who was recently graduated from the University of Michigan, has been a position with a large automobile concern in that city.

Miss Rhona Markham, of Richfield, spent Monday in the city calling on friends.

Mr. and Mrs. Sidney Kaufman, who have been visiting Mr. and Mrs. Paul Straus and Mrs. Pauline Kaufman, returned to their home in Charleston, W. Va., Monday morning.

Sewing Week

Beginning Tuesday, March 7 and continuing until Saturday, March 11

To Help Homesevers and Dressmakers Is The Mission of This Event!

Now comes the first and most important big event on the Spring schedule. It is Sewing Week, an occasion that really warrants the extra advertising space we give it. Sewing Week first of all reminds you that it is high time to start your Spring Sewing. Then it brings you in touch with the finest stocks of new Spring merchandise that we have ever assembled. Some of it, we might add, is growing very scarce and we are indeed fortunate that our orders were placed far in advance, so that we can quote old low prices and show complete assortments.

There is also satisfaction in the knowledge that the very goods you will require for your sewing are being featured and that unusual effort is being shown to make this event as helpful as possible by offering suggestions as to correct styles, materials, colors and combinations. Your sewing plans are sure to turn out successfully if you rely upon this store for your needs.

OUR SPLENDID SILK SECTION

Offers Scores of Suggestions for New Spring Wraps, Dresses and Suits At Moderate Cost.

All the new weaves, shades and novelties that will be worn this Spring and Summer in splendid variety. Your selection, regardless of what it is, will be most satisfactory because, we, personally, have been very discriminating to begin with. They are 1916's preferred silk fabrics and the good values are no less worthy of attention than the fabrics themselves.

America's Prettiest Wash Fabrics

Showing Fashion's Favorites For The Spring and Summer Periods

The dainty designs together with the even daintier grounds on which they appear illustrate the efforts of artist-designers. We believe these tub materials are the richest of five Spring seasons—the word richest referring to fineness of texture, harmony of color combinations, and design. In fact, richest in every respect but the price. That indeed is very reasonable.

White Materials

Are Supreme This Season

Whether white cottons have reached distinction mainly through circumstances (dye shortage) is difficult to say, but the fact remains that they will be in popular demand. Of course, it was only natural for us to anticipate your needs, and as a result this store is as far as you will have to go to get the white goods you want. And in spite of the rise of cottons you will find our prices very low.

FINE NEW EMBROIDERIES

For The Daintiest of All Apparel

Necessary as the other dresses seem the Spring and Summer wardrobe could hardly be called complete without a dainty white frock of new embroidery. And lace is used on so many things this season that one can hardly do without them.

Despite the fact that conditions in Europe have made laces and embroideries difficult to obtain we have the newest and most beautiful patterns in assortments that even excel the showings of times of peace. Costs, too, are just as low.

DEPENDABLE WOOL FABRICS

In Spring's Handsomest New Designs and Colors

The woollens that you will buy at this store during "Sewing Week" and the rest of the year are those that we ordered months ago. As a result, they are of the most dependable character at prices that are very much in your favor. Unfortunately there are many stores who cannot say this, as woollens are constantly rising. "Sewing Week," in this instance particularly, demonstrates its helpfulness.

New match patterns in Val Laces, Edges, Insertions and Bendings to match, all widths from **5 and 10c** 1/4-inch up, per yard

Laces And Dress Trimmings That Lend Beauty

To The New Spring Garments

It may be well to observe that it is the garment with effective trimmings properly applied that stands out as "individual". This is true at least of all garments on which trimmings are used—the dress, etc. That is why every woman should attend "Sewing Week," and see the new trimmings.

Like everything else for 1916, they are prettier than ever simply because new and different. Then, too, varieties seldom offered a more pleasing selection.

Wool Dress Goods

Our Wool Dress Goods at 50c yd. includes French Serges, Storm Serges and Batistes. All 36 inches wide, in all colors.

The monthly meeting for March of the Ladies' Aid of the Methodist church at Seabrook was held at the home of Mr. and Mrs. J. K. Hastings, Thursday. At the close of the meeting refreshments of fruit, ice cream, cake and coffee were served by the hostess, assisted by Mrs. Kingery and Mrs. Hoskin. The angel-food cakes, iced in green and white, were baked by Mrs. B. E. Talbot, of Waverly, O. Shamrocks were given as favors for St. Patrick's day.

About twenty-five or thirty attended the meeting. The subject of new church building was brought up. Every effort is being put forth to raise funds for a new Methodist church, to be built the coming year at Seabrook.

Miss Ella Mettalan entertained the members of the Embroidery Club Saturday afternoon at her home in Lucasville as a surprise to one of the members of the club, Mrs. 10th.

Claude Hartman, in celebration of her first wedding anniversary. The afternoon was spent in needlework and contests, which ended with a delicious two-course luncheon served in the dining-room, which was decorated in bluish-pink eggs, giving the idea of springtime and happiness. Congratulations and best wishes were bestowed upon the bride of one year. The next meeting will be held at the home of Mrs. Katharine Board, on Saturday, March 11th.

Isaac Farley, deputy bailiff of the municipal court in Columbus, who is a former Portsmouth citizen, was married in Columbus to Miss Edna M. Smith, in court room 2, by Judge Ruth, Saturday noon. Farley was appointed to his post at the opening of the new municipal court January 1 by Clerk William Jones.

Miss Katherine Markham, of Eighth street, returned Monday from a short visit with her parents at Piketon.

Mr. and Mrs. H. M. Astholz are having a family reunion this week, when Mr. and Mrs. Ralph Astholz, of Cincinnati, and Mr. and Mrs. Frank Bagg, of Grant street, will spend the week at the Astholz home, 929 Boundary street.

Misses Marie Johnson and Lucetta Holmes, of Glover street, were visiting relatives in Lucasville over Sunday.

Mrs. Appel's class of Trinity Methodist Sunday school will meet Thursday evening at the home of Miss Grace Adams, corner of Grandview avenue and Seventeenth street.

Mrs. Charles M. Martin, of Gallia street, is quite ill with the grip. Her many friends hope for her speedy recovery.

Harry Elchorn, one of the Excelsior foremen, was attacked with grip Saturday and forced to leave his work and take to his bed. Incidentally he missed the session of the men's big bike class at Trinity Sunday for the first time in many months, having been one of the prize attendants last year and preceding year.

NEWTON D. BAKER

(Continued From Page One)

department, the Philippines, the Panama Canal and Porto Rico. Mr. Baker is a member of the Ohio state democratic committee and chairman of the executive committee of his county committee. He has the record of having run for public office in Cleveland during fourteen consecutive years without defeat. He declined to run for office again in order to devote his time to private law practice. Mr. Baker is understood to have specified when he joined his law firm that he would be free for six months prior to the election to work for President Wilson's re-election.

Cleveland, O., March 6.—Newton D. Baker, today appointed secretary of war by President Wilson, in succession to Lindley M. Garrison, resigned, is former mayor of Cleveland, long prominent in local and state Democratic councils, and for many years a personal friend of President Wilson.

Baker is 44 years old and a lawyer. He was a former student under President Wilson, when the latter was an instructor at Johns Hopkins University. Baker came here from West Virginia in 1902, and became a lieutenant of the late Tom L. Johnson, at the time the latter began his fight for three cent street car fare in Cleveland and was Johnson's right hand man throughout all of his turbulent campaigns in the city. He was elected city solicitor at the time of Johnson's first mayoralty, was re-elected four times, winning even when Johnson was finally defeated. With the passing of Johnson, Baker became the

leader of the local Democracy and was twice elected mayor. He declined to be a candidate for re-election last fall and retired the first of January to the practice of law.

Baker conceived the idea of a home rule for Ohio cities and led in the agitation for the new Ohio constitution which resulted in giving to cities the right to frame their own charters. He led the efforts which resulted in the new Cleveland charter with its system of preferential voting which is one of its salient features.

Baker is a thorough believer in national preparedness and has stood valiantly by the president through all of the recent discussions. When President Wilson visited Cleveland on his recent speaking trip through the central west, Baker was chairman of the reception committee. Baker is married and the father of three children.

Baker was known as the original Wilson man in Ohio. At the

time of the Baltimore Convention in 1912, Judson Harmon, former Governor of Ohio, was a candidate for the presidential nomination and controlled a majority of the Buckeye delegation, but Baker was for Wilson and swung with him a number of Northern Ohio delegates. The successful fight, which he personally led, on the floor of the convention to prevent the adoption of the unit rules saved these Ohio votes to Wilson and did much to make possible his nomination.

The new secretary of war was only recently re-elected head of the county executive committee of his party following his resignation two years ago. He succeeded former Congressman R. J. Bulkley, who managed the last campaign which resulted in Democratic defeat. Baker was hailed as the hope of the party locally in the next campaign and was accordingly placed at the helm. He will probably be obliged to resign this position.

Baker is at present a candidate for delegate to the national Democratic convention in St. Louis. He will undoubtedly have a prominent place in its deliberations in view of his cabinet appointment if elected.

WILSON

(Continued From Page One)

on the adoption of the special rule. The rules committee's action today is a preliminary victory for the administration forces who have been fighting for a week against delays.

The special rule will provide that after the four hours debate the McLenore resolution will be laid before the house for action. The program is to table it, as was done with the Gore resolution in the senate, thus expressing the sentiment of a majority of the house that no legislation whatever regarding the traveling of Americans on armed ships shall be enacted.

William Jennings Bryan made his headquarters today at a hotel almost under the shadow of the capitol and conferred at a luncheon with many congressmen who are rated as Bryan men. All of them strongly favored a resolution to warn Americans off armed ships which Mr. Bryan advocates for are against preparedness. Mr. Bryan has denied that he would take any active part in the fight against the president. Administration supporters, however, were counting on being ready to fight his influence in the house. In the house itself, the administration forces got the McLenore resolution where they wanted it by getting it onto the calendar from which it can be called up tomorrow. Mr. Bryan insisted that the luncheon was only a "friendly gathering."

four children, all under nine years were killed. The woman's husband was taken to a hospital in a serious condition.

In a serious condition so grave, indeed, that the news of the fate of his family was withheld from him.

In another locality a doctor's house was destroyed but the doctor and his family had left the building before it was struck. In another case a pensioner ninety years of age was burned to death in his bed.

The bombs dropped by the aircraft were some of them incendiary and some explosive.

An official statement issued in London last night said two hostile airships had crossed over the Northeast coast of England. At that time the movements had not been definitely cleared.

The number of casualties reported is much smaller than previous Zeppelin raids when 55 persons were killed and 117 injured. This raid made on January 31, was over the middle eastern countries.

Dissatisfied Men Quit

Dissatisfaction with their foreman, Bert Parker, caused a half dozen employees of Supt. Henry Ruel's street cleaning department to quit their jobs Monday noon, it is stated. They were promptly paid off and an entire new crew of men took their places.

FINE MEETING AT JASPER

Roy McElhaney returned Sunday evening from Jasper where he attended the annual banquet and meeting of the Jasper Camp of the Woodmen of the World. McElhaney stated Monday that there were over 100 present and that it was one of the finest meetings he had attended for some time. McElhaney delivered an address on "Woodcraft."

Entry In Vernier Case

Prosecuting Attorney, Jos. T. Micklethwait filed an entry in the case of the state of Ohio against William Vernier, Monday afternoon, in common pleas court. According to the entry, the charge of child abandonment is suspended on conditions that the defendant contribute \$5 per month toward the maintenance of the child.

Vernier furnished bond in the sum of \$500 to guarantee his part of the agreement. Rose and Victor Simon signed the bond.

Shelton Is Still Free

Up until late Monday afternoon the police had failed to locate Jon Shelton, the man who threatened to blow up the First National Bank building last Saturday. The officials have the flask of carbide and the bundle of miners' fuses at headquarters.

MOVIE CASE IS APPEALED

Columbus, O., March 6.—Supreme court today was given an opportunity to pass on the question of whether moving picture exhibitions come within the state law which prohibits "Theatrical performances" in Sunday. Clarence Myers, proprietor of a motion picture house in Chillicothe, filed an appeal with the high court asking review of his case in which both the common pleas and appellate courts of Ross county, held he violated the law by showing pictures on Sunday. The case has created much interest among moving picture exhibitors.

Truancy Charged

An affidavit was filed in probate court Monday by Marshal W. I. Davis of New Boston, against Ellen McHenry charging her with habitual truancy. Judge Thomas C. Beatty set the hearing for Saturday morning at nine o'clock.

Divorce Granted

A decree of divorce was granted Willie Cooper from Nellie Cooper Monday afternoon in common pleas court by Judge Thomas. The divorce was granted on the grounds of gross neglect and extreme cruelty.

Cruelty Alleged

An affidavit charging Samuel Phillips, a local blacksmith with cruelty to animals was filed in Squire John W. Byron's court Monday afternoon by Judge Harry Ball, an official of the local Humane Society. According to the complaint the defendant left a horse stand out in a recent snow storm over night.

44 FORWARD AT THE WHEELERSBURG REVIVAL

Evangelist Harry Edwards wound up the series of evangelistic meetings at Wheelersburg last evening with one of the most enthusiastic gatherings ever held in the burg and one that will be long remembered by the people.

Friday evening beat all previous records for attendance and enthusiasm but this was eclipsed at the Saturday evening service when Edwards gave his special sermon: "Who Was Jesus?" In the afternoon a special meeting was held for the school children and the high school pupils. Saturday evening many more came forward and at each of the other services making a total of forty-four for the meeting.

The total number of converts in the four county meetings held by these steel worker evangelists number 124. "Young Eddy," who looks much younger than his years is a great favorite in all places and the manner in which he can get the big chorus to sing all forth much favorable comment. Harry Edwards and son open tonight for a two weeks' campaign at the M. E. church of Harrisonville.

SCIOTO COUNTY ALSO HOPES FOR OIL AND GAS BOOM

Definite Plans Are Already Under Way

Plans are being formulated by a large Ohio oil and gas company to start active work in developing the leased oil and gas fields in Scioto county, according to an announcement made Monday by Joseph W. Mitchell, local abstractor of titles. Mr. Mitchell asserted Monday that a large oil and gas concern with a large plant at Lancaster intended to extend their pipe lines into Scioto county this spring.

"When gasoline was selling at 10 cents a gallon and oil at ninety cents a barrel," declared Mr. Mitchell, "it was unprofitable for these large oil and gas concerns to work the Scioto county territory, but now with gasoline at 25 cents and oil advancing regularly they have decided to open the Scioto county fields."

"There are over 200,000 acres of land leased in this county by one concern alone. This company is now preparing a map of their holdings."

"I am not at liberty to say what concern intends to open the Scioto county fields but it is practically assured," said Mr. Mitchell in concluding.

A large Pittsburgh concern, according to a local attorney has held oil and fuel leases on several thousand acres of Scioto county land for several years paying a retaining fee of ten cents an acre per annum to hold the lease.

The Standard Oil company recently purchased a half acre tract of land in Otway from George Walsh, upon which a large distributing plant will be erected this spring. The deed for this strip of land was abstracted at the court house Monday morning by Joseph W. Mitchell. The consideration was not made public.

The plant, which will be erected at Otway, will be very similar to the Portsmouth plant in capacity.

A PITIFUL CASE

The Anti-Tuberculosis League of Scioto county makes an appeal for funds to send a man to the country in an effort to save his life. He is a man, very respectable, who has worked hard all his life, never had a cent from charity, owes no one and has supported a wife and nine children on earnings that averaged \$5 to \$7 per week. He is broken down in health and naturally out of such a small income has nothing

saved. The Tuberculosis League is anxious to send him to the country and is appealing for money to help the case and to give him a chance for health, before he is too far gone for help. His lungs are in a weak condition. He works at shoveling brick shale which is much too hard for him. His doctor has ordered him to give up work for a few weeks. The man asked the nurse with tears in

his eyes who was going to support his wife and family while he goes away. His wife is in a delicate condition and there is only one child in the family who is able to contribute to the support of the family. All donations and contributions will be thankfully received by Dr. C. W. Wendelken, secretary of the A. T. League or Miss Margaret Purves, visiting nurse of the league.

of the company was held at the St. James Hotel March 3rd. Mr. Newkirk, upon his return to Portsmouth stated that at present the "Blue Flag Derailor" was being manufactured at Minneapolis. He expects to leave for St. Louis within thirty days where he will superintend the construction of a new plant.

DANGERS OF DRAFT

Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuralgic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c at your Druggist.

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, O. Office Phone 20.

Dear Miss Wise—To settle a dispute please print in your column the difference between a dramatist and writer, and a novelist and composer. Also tell me if George M. Cohan, David Belasco and Sir Arthur Pinero are dramatists. If so are they living or dead?

A READER.
A dramatist writes plays in such shape that they may be acted upon the stage. The novelist writes fiction as one might tell a story of real life. "Composer" is a word usually applied to the writer of music, although it may be used in the case of the dramatist who composes a play, or the novelist who writes stories. Technically, it is, as I have said, employed to designate one who puts his thoughts into musical numbers. The men you mentioned are dramatists and still living. George M. Cohan and David Belasco are theatrical managers as well as playwrights.

A reader would like to have a recipe for cream puffs.

Dear Miss Wise—Would it look like I didn't know any better if I served fruit cocktail and fruit salad at the same meal? I like them both. Also give me a good recipe for fruit cocktail.

MRS. J. K.

There is nothing absolutely incongruous or unconventional in serving fruit cocktails and fruit salads at the same meal. Yet it would be better taste to substitute some of the better fruit for the fruit salad. Out into nice dice a fine grapefruit, a sweet orange, a slice of pineapple and two slices of banana, and mix with them a half cup of seeded and skinned white grapes. Add about a tablespoon of powdered sugar and set in the ice until you are ready to serve it. Fill wide-mouthed chilled cocktail glasses with the mixture and lay a maraschino cherry upon the top of each portion. All the ingredients should be ice cold. The best grocers now keep seeded and skinned grapes in cans for use in cocktails and fruit salads.

Dear Miss Wise—I would like to learn the machinists' trade. Do you know of any school where I could learn? I do not mean a correspondence school.

YOUNG MECHANIC.
The machinist trade is usually learned in a machine shop. Apply at the local shops, or at the N. & W. Terminals, and you may get a place as an apprentice.

Dear Miss Wise—Please tell me when, where and by whom McKinley was shot, and how long did he live after being wounded?

H. S.
The late President McKinley was shot twice by Louis Czolgosz, while in the Temple of Music at the Pan-American Exposition in Buffalo, N. Y., September 6, 1901. He died from his wounds at the home of John O. Milburn, of Buffalo on September 14, or eight days later. His assassin was executed at Auburn state prison, N. Y., Oct. 23, 1901.

Dear Miss Wise—Please tell me what is meant by horse-power when it is used in connection with an engine or motor, also where did the word originate?

ALBERT.
When horses were used to turn the wheels of machinery, many years ago, by means of a treadmill the horse came to stand for a unit of power, according to the size of the machine he could work. When steam engines displaced horses it was natural to refer to their capacity on the basis of the horsepower unit by speaking of an engine as being able to do the work of two, three, four or more horses. So the custom was established of using the term as descriptive of power. The fact is, however, that a horsepower really means a greater power than is expected of a horse and greater than a horse is capable of. It means the power to lift 33,000 pounds one foot in one minute. But custom keeps alive the old term to indicate the unit of power for an engine or electric motor.

Miss Dolly Wise—Do you think it would be any harm in making uppers and selling them. My husband is not very stout but he does not want me to do anything like that! I made a few the other day and tried to sell them. Some of the girls who work in the kitchen turned up their nose and they

haven't got as much as we have. My husband is good in giving me his money. He comes home and turns his envelope over to me but I feel like I would like to make a little pin money of my own if it is no disgrace.

KITTY.
There is no harm in making or selling uppers or anything else, if you are clever enough to do so. The girls who "turned their noses up" probably do not know how to hold a needle. You might sell the uppers to your friends and neighbors, and also to church societies that have apron sales.

Dear Miss Wise—I have been going with a young man one year my senior for about eight months. I am 18 and will soon be 19. He has always been awfully nice to me, until I found out that he had another girl. Of course he had said nothing to me of this but kept coming down, though not so often. Not long after that I saw him with the girl. Now Dolly do you think he ever loved me? I have always been nice to him and I know that he knows it, too. Now I am going with another boy but I can't help thinking of the first one. Don't you think he treated me funny? I am a respectable girl. Now Dolly please give me some good advice. My mother tells me to be nice to him and maybe he will come back. But Dolly you know it simply hurts me so.

YOUR FRIEND.
The man has done nothing wrong. Inasmuch as he wasn't engaged to you, he probably did not think it necessary to ask you if he could call on other girls. Why didn't you have other friends? If he has found some one else he likes better than you there is no reason why he should not go with her. As a rule men do not go with any number of girls before they find the right one. It would be all right to treat him nice when you meet him, but don't give him the impression you want him back, or you'll never get him. That's probably the reason he quit going with you.

SOCIETY

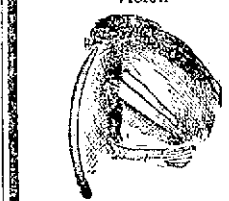

Miss Marie Bauer gave a beautiful party Saturday evening to announce the engagement of her cousin, Miss Margaret Appel, eldest daughter of Mrs. George Appel, to Mr. Ray Wilcox. The wedding will take place the latter part of April. The guests included the special friends of Miss Appel. The decorations were in the yellow and

white color tone. The evening was spent in art needlework and at nine o'clock an elegant three course supper was served in the beautifully adorned dining room. In the center a French basket was filled with jonquils and ferns, yellow shaded candles, hearts and cupid were also used in the exquisite decorations. The places were marked with cards handpainted in cupids, brides, there being sixteen covers. The announcement was made on cards enclosed in small envelopes presented to each guest by Master Richard Zoellner, little cousin of the bride, who passed them in a yellow adorned basket, each one receiving a card, with the exception of the bride-to-be, who was presented with a cluster of bride roses. The cards gave the names of the bride and groom-to-be, and the month of the wedding. Miss Appel is one of Portsmouth's very popular young women, and Mr. Wilcox is a fine young man, employed in the engineering department of the Dupont Powder Company, at City Point, Va.

That Cloudiness Of Vision

Do You Know the Reason Why? It is because the lens of your eye fails to focus perfectly on a certain spot. The lens being imperfect, all the rays of light do not meet properly. Consequently, a hazy, blurred, cloudiness is visible before the eye, and the vision is impaired. We guarantee these defects corrected, and satisfactorily. Our special Fiske glasses will focus the light on the spot, relieve you of your troubles and give you perfect vision. Get the best! The market has no other glasses so guaranteed. E. J. Columbus and Dayton People Approve "Outside" Cold Remedy

They Find the External Application, Vick's Vapo-Rub Salve, the Best Treatment for Croup and Cold Troubles. It Replaces Harmful Internal Dosing, Poultices, Plasters, Flannel Jackets and Vapor Lamps.

You Just Rub It on Over Throat and Chest—Relieves by Inhalation and Absorption.

Since Vick's Vapo-Rub Salve was introduced here from the South a short time ago, Ohio folks have found it no longer necessary to dose for cold troubles. Even South Vick's Vapo-Rub is universally used instead of internal medicines for all forms of cold troubles, from head colds, asthma and catarrh, down to deep chest colds, sore throat, in grippes, bronchitis or incipient pneumonia.

Now comes in salve form—just apply it over the throat and chest, covering with a warm flannel cloth. The body heat releases the ingredients in the form of vapors that are inhaled, with each breath, all night long, loosening the phlegm and opening the air passages.

recommend it to anyone, as it saved our child from having a bad case of pneumonia."

COLUMBUS, OHIO, Mr. Charles Thomas, 46 W. Maple St., states:—"At the time I received your remedy, I was suffering with a severe cold, chest and throat all choked up, sense of smell all lost. I followed your directions, using hot wet towels to open the pores, and then rubbed Vick's Salve well in, and it certainly did work wonders, without taking a drop of any other medicine."

DAYTON, OHIO, Mrs. Thomas Johnson, 1634 Germantown Street:—"My little boy was taken with a severe case of croup a few weeks ago, and after trying everything I knew without much relief, my druggist gave me a jar of Vick's Vapo-Rub, which I used with splendid results. I also find it a fine remedy for headache, and shall always keep it in my home hereafter."

Vick's Vapo-Rub Salve comes in three sizes, 25c, 50c or \$1.00, at all drugstores.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking laxatives, or trying to push up a real digestion, they are attacking the real cause of the ailment—clogged liver and clogged bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healthy way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. If you have a bad taste in your mouth, tongue coated, flat, little gas, lacy, don't care to eat, or suffer from constipation, try Dr. Edwards' Olive Tablets. You will find them for their olive oil, and you will know them for their olive oil. Take one or two at bedtime for quick relief, or you can eat with you like. At the 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

LIKE A NEW WOMAN

Mrs. Louise Watson of Vienna, Ill., writes: "I have received so much benefit from the use of CARDUI that I wish to tell you. When I was a girl of twenty one I became run down. I was caused by taking cold. I was in much pain at those times and usually had to go to bed. I had had headaches and backaches and a dreadful bearing down pain. I can't tell just how much CARDUI helped me, but I began to use it. The very first bottle helped me and made me like a new woman. I truly think there is no remedy like CARDUI. For forty years CARDUI has helped women in just such cases as this. Try it. It may be just what you need."

Dress Making Dept.

Miss Emmaline Snowden, an expert dressmaker, with years of experience in several of the select Eastern establishments, has been engaged by the Anderson Brothers company to take charge of the new dressmaking department, which will be opened on the fourth floor of the local concern the latter part of this week.

Russell Anderson, member of the firm, stated Monday that Miss Snowden would arrive in Portsmouth the latter part of this week and would immediately open her department, the quarters for which have been prepared in advance.

"We have been considering establishing a department of this sort for several years, said Mr. Anderson. "Portsmouth has reached a point where the ladies demand an expert dressmaker with big city experience. We have endeavored to accommodate our customers to the best of our ability, and we have made this addition to accommodate the demands. Miss Snowden has designed many well known fancy costumes, evening frocks and afternoon dresses. We are sure that this innovation will prove successful."

Ladies Will Be Guests Of "Vienna"

The meeting of Vienna Camp Sons of Veterans tomorrow, Tuesday evening, in Selby (G. A. R.) hall, will be noteworthy, as the ladies of Vienna auxiliary will attend this meeting in a body, the first time the ladies of the auxiliary have ever attended a regular meeting of the Sons of Veterans in the history of the order in Portsmouth. In future the ladies of the auxiliary will be privileged to attend any or all meetings of the Sons of Veterans, not only in this city but throughout the nation, and will be very welcome.

It is desired that a full representation of the auxiliary attend the meeting and assist by their presence and counsel.

Some new members may be mustered, and many regular matters come before the camp.

A matter affecting the future welfare and well being of a very prominent and popular member of the order will come before this meeting and its importance is such as to earnestly urge the attendance at this meeting of every member of the camp.

Perhaps Your Backache Comes From Kidneys

Kidneys Often Run Down, Get Sluggish, Need Regulation. How To Tell

Not all backaches are kidney backaches, but many of them are and at the first sign of back pains, twinges or weakness in the kidney regions it is a good plan to use a good safe kidney regulator such as a little Solvax, as even two or three doses will often enable you to see right where your kidneys stand.

If the kidneys are all right Solvax won't do them a bit of harm and if they are weakened or run down it will do them a world of good, for Solvax acts directly on sluggish kidneys and cleans and strengthens them so that almost immediately they begin to filter and sift out of your body all the clogged up poisonous impurities from the blood. Solvax usually will act in less than twenty-four hours and with the kidneys acting normally you should begin to feel better right away. Solvax is a guaranteed remedy for Disordered Kidneys in that Wurster Bros. and leading druggists everywhere, who sell it agree to return its price in any case if it does not give perfect satisfaction. There is no time like the present for doing a thing that ought to be done and if there is any doubt about the kidneys, today is the best time to find it out before serious trouble may begin.

The Movies

LILLIAN GISH AS THE PRETTY HOUSEWIFE IN "THE LILY AND THE ROSE," A NEW TRIANGLE-FINE ARTS PLAY THAT HAS ATTRACTED UNUSUAL ATTENTION.

Columbia Tonight

The Lily is first seen in a beautiful Southern home, where she is cared for by her two aunts, typical gentlewomen of former days. Through a fashionable relative, the Lily is introduced to the man whom she marries. He gradually tires of the artless girl and goes to a lively show, where he sees a sensational dancer, the Rose. In his infatuation he neglects the Lily. She is unsuspecting until she receives an anonymous warning. Then she tries to win back her husband by giving a new dance that she has learned at a social affair, but he does not give her any encouragement. Then the ways of the husband and wife are shown, and the Lily finds a new hope and interest in life.

"The Lily and the Rose" features such stars as Lillian Gish, Rozsika Dolly, Mary Alden, Wilfred Lucas and Elmer Clifton and is easily one of the best and most attractive pictures you have seen so far on the "Triangle" program.

Tonight's comedy is "The Great and the Small," a picture which is a real Keystone comedy whirlwind, in which many of the famous Keystone stars will be seen to good advantage.

Mme. Olga Petrova in "My Madonna" at the Columbia Tomorrow

Mme. Petrova in "My Madonna," a stirring five act photodrama is the next production of the Popular Plays and Players on the Metro program, and will be seen at the Columbia tomorrow. Admirers of Mme. Petrova, who remember her artistic triumph in "Panthea," which had such a long run at the Shubert Theatre in New York and on tour, have a treat in store for them when they see this marvelous emotional actress in this feature motion picture. "My Madonna" is a picture of the same name by Robt. W. Service, author of "The Spell of the Yukon," "The Shooting of Dan McGrew," "The Song of the Wage Slave," and other notable realistic poems. Mme. Petrova, the foremost woman producer and director in the world, who began producing films in Paris more than fifteen years ago, directed "My Madonna" and considers it her masterpiece. It is the first time in her long years of experience that she has directed a woman star. A strong case, headed by Guy Combs, will be seen in support of Mme. Petrova.

Paramount Feature at The Lyric Tomorrow

Marguerite Clark in a Quaint Picturization of "Mice and Men" Cast of Characters Peggy—Marguerite Clark, Captain Lovell—Marshall Neilan. Mark Embury—Charles Waldron. Roger Goodlake—Clarence Handyside. Mrs. Deborah—Maggie Halloran. Joanna—Helen Dahl. Minister Goodlake—Robert Conville. Goodlake's Servant—Robert Conville. Embury's Servant—William McKay. Matron—Ada Deaves.

Forbes-Robertson distinguished themselves in New York and London, respectively, develops the impulses and whimsicalities of romantic youth, and it may therefore be readily seen that Miss Clark is eminently suited to this captivating impersonation. With the additional interest contributed by a stirring dramatic conflict, and with the beautiful delineation of life and love as they were known in the south of a by-gone day, "Mice and Men" is one of the most exquisite Paramount pictures produced.

Molly McIntyre Coming to the Lyric Thursday

Molly McIntyre, with all the traits of her rugged Scotch principles of honesty and right, showing in her countenance and every action, is the star of "Her Great Hour," the Equitable's next release, which is coming to the Lyric Theatre on Thursday, and those who have the pleasure of seeing this beautiful screen play will agree that she fairly earned "Her Great Hour" which came to her after the troublous times which followed the attempt to fasten on her the theft of a ring by another girl in the department store where they were both employed. The girl wins out against her enemies, her honesty is made plain, and the happiness which comes to her in the last scene of the stirring photo drama is only her just meed. The play is presented with a close attention to detail, and some wonderful photographic results were obtained by the use of specially constructed lighting apparatus, the combination of beautiful work and stirring, gripping situations, making an extremely powerful picturization of a strong, dramatic story.

War! War! War! At Arcana Theatre—Greatest Pictures Ever Shown.

If you want to see scenes from the blood soaked battlefields of war stricken Europe, come to the Arcana theatre this afternoon and evening. 300 feet of films will be shown and they were taken right on the fields of action. These pictures are absolutely guaranteed to be authentic and Manager Potts will cheerfully refund the admission price to any person who is not fully satisfied. Do not confound these pictures with others that have been shown in this city, for these pictures have been recommended by the Cincinnati Post as was shown by the splendid editorial reproduced in The Times Saturday from that reliable journal. Whole heaps of dead and wounded are seen scattered over the fields. See the bursting of shells, see men torn limb from limb, see whole regiments of men torn asunder while making a gallant charge right into the jaws of death. These pictures were secured by Manager Potts at a great expense, but he has decided to show them for the sum of 5 cents to all. This will give every person a chance to become acquainted with the fighting conditions in Europe. Come tonight or this afternoon. First show will start promptly at 6 p. m. and run until 10:30. No intermissions and splendid music throughout the entire performance. Bring the children and let them get first hand information about the terrible war—let them see pictures that bear the approval of the foreign potentates—a real show that speaks in thunderous tone of the carnage of killing now going on across the seas. Remember only 5 cents.

King Baggot Stars in "The Law of Life" at The Strand Tonight

"The Law of Life," Imp three-reel human interest drama, features the Universal star king Baggot in a powerful play treating of a great domestic problem. A thrilling drama of the struggle between love and duty.

Fourth reel is the third number of the great educational series, called "Uncle Sam at Work," under the heading, "Are We Prepared?" Many of the scenes shown on the screen in this picture show phases of naval activities never before photographed. They are authentic pictures of the daily work of the sailors and officers of the North Atlantic Squadron with close-up views of all the big ships of this fleet.

"Neal of the Navy" at The Exhibit Tonight

"The Yellow Peril," episode 9 of "Neal of the Navy" is tonight's feature. Annette rejoices over the recovery of her map. Annette volunteers as a nurse. She goes from cabin to cabin helping the natives. Annette and Neal

THEATRICAL

"Pair of Sixes" at The Sun Tuesday Night

The familiar significance of the title, "A Pair of Sixes" to American theatre-goers, as well as its quaintness, has made it well known the country over, apart from the fact that the farce enjoyed a run of nearly a year at the Longacre Theatre, New York, and is now being played north, east, south and west.

are lured to a hut by Hernandez, Ponto and the Brute, the three rascals, where after a fight they are made captives and let out in a dismal swamp to die, the trio expecting the voracious mosquitoes to make short work of them. How they fare during the long formidable jungle night forms the subject for this chapter, the most thrilling episode shown so far. "The Shabbies" is a two part Essanay comedy drama featuring Lillian Walker. A well to do family is forced to reduced circumstances. There is plenty of fun but in the end everything turns out again for the good.

"Gladiola" At The Majestic Tonight

Gladiola Bain, a pretty and unsophisticated country girl, falls in love with Ned Williams, city bachelor who lives in luxury. Then there is Ab the farm boy who also loves Gladiola. She elopes with Ned and soon finds that he has a wife in the city. Gladiola returns home to face the scorn of villagers and in the old farmhouse a baby is born. Ned's first wife dies and Ned comes to Gladiola and wants to right the wrong he did. She refuses. Ned leaves her forever and later Gladiola wins her and she promises to let him be a father to the child and her own protector for life. The cast includes: Viola Dane, Charles Sutton, Jessie Stevens, Robert Connors, Pat O'Malley and Eldean Stewart.

"Stingaree" at the Temple Tonight.

"For the Honor of the Road" is the title of the seventh episode of "Stingaree." A rancher after a dispute with his partner kills him and makes it appear that Stingaree, the famous Bushranger, was guilty of the deed. For "the honor of the road" Stingaree sets about to weave a net of evidence around the real culprit which he does in a surprising manner and after narrowly escaping capture himself several times. "The Broken Word," Edison drama features Ben Turbett and Grace Williams. Jack and Tom Hennessy have been at loggerheads for sometime when one day they meet in front of the house and Jack kills his enemy. Beh, Jack's brother, says he is guilty and saves his brother. See the escape from jail and the race for the Mexican border. "The Fable of the Escape" is an Essanay comedy.

DARING GERMAN RAIDER IS SAFE IN HOME PORT

BERLIN ANNOUNCES THAT MOEWE HAS OUTPLAYED ALLY FLEET AND IS IN PORT

15 SHIPS AND ONE BATTLER ARE THE VICTIMS

Berlin, March 6.—Via London—Official announcement is made by the naval general staff today that the German commerce raider Moewe has returned to a German port. She had on board 199 prisoners and 1,000,000 marks in gold bars. The statement follows:

"The naval general staff states that H. M. S. Moewe, commander Captain Burgrave and Count Von Dohna Schuldern, after a successful cruise lasting several months, arrived today at some home port with four British officers, twenty-nine British marines and sailors, 103 men of crews of enemy steamers, among them 103 Indians, as prisoners, and 1,000,000 marks in gold bars. "The vessel captured the following enemy steamers, the greater part of which were sunk and a small part of which were sent as prizes to neutral ports:

"The British steamers Corbridge, 3,687 tons; Auditor, 3,496 tons; Trader, 3,068 tons; Arandine, 3,035 tons; Dromedary, 3,027 tons; Farringford,

3,146 tons; Clan MacTavish, 5,816 tons; Appam, 7,761 tons; Westburn, 3,300 tons; Horace, 3,336 tons; Flammeno, 3,320 tons; Saxon Prince, 3,471 tons.

"The British sailing vessel Edinburgh, 1,470 tons.

"The French steamer Maroni, 3,108 tons.

"The Belgian steamer Luxemburg, 4,308 tons.

"At several points on enemy coasts the Moewe also laid out mines, to which among others, the battleship King Edward VII fell victim."

London, March 6.—An Exchange Telegraph dispatch from Amsterdam says the Moewe reached Wilhelmshaven yesterday. Count Von Dohna, the Moewe's commander, has been awarded the iron cross of the first class and the members of the crew have received the iron cross of the second class. Count Von Dohna has been ordered to meet Emperor William at headquarters.

Berlin, March 6.—The Moewe's capture of two of the fifteen vessels listed by the German admiralty has not been reported previously. They are the Saxon Prince and the Maroni, both of which were engaged in the trans-Atlantic service.

The Saxon Prince, 3,471 tons gross, 352 feet long, and owned by the Prince Line of New Castle, England, was built in Sunderland in 1890. She was last reported on sailing from Norfolk, February 12, for Manchester.

The Maroni sailed on February 19 from Bordeaux for New York. She was built at Port De Boue in 1900, owned by the Compagnie Generale Trans-Atlantique of Havre, and was 321 feet long, of 3,100 tons gross.

The Moewe, previously made famous by her exploits, has performed one of the most spectacular feats of war on the seas by reaching a home port in safety—the great German naval port of Wilhelmshaven—through seas which are patrolled with great vigilance by British war ships. It is through these waters which have been blocked in districts for patrol by the different British units that the Moewe must have threaded her way to home and safety.

At least part of the gold captured by the Moewe was taken from the Appam which put in at Newport News several weeks ago under command of Lieutenant Berg with a German prize crew.

Announcement was made in London on January 10 that the British battleship King Edward VII had been blown up by a mine. The place at which the disaster occurred was not revealed by the British admiralty. It was said no lives were lost and only two men were injured.

The Moewe first became famous when the Appam reached Newport News with a story which astonished the world. It was learned that the

commerce raider had captured and sunk seven British vessels in the main line of traffic between South Africa and Europe, in addition to seizing the Appam which had been almost given up for lost.

The next heard of the German raider was on the arrival at Canary Islands late last month of the Westburn in charge of a German prize crew. It was then made known that the Moewe had sunk five more steamships off the coast of Brazil.

The Saxon Prince and Maroni were captured by the Moewe on her way back to Germany, as their sailing dates show they were both on the high seas toward the end of February.

RAILROAD CONGESTION TAKEN UP

Washington, March 6.—Congested conditions in freight terminals of trunk line railroads entering New York and Atlantic coast ports and the best way to relieve the situation were topics for discussion today at an informal conference between the Interstate Commerce Commission, the railroads and all others concerned.

The commission has set aside two days for discussion and hopes to find some way to solve a problem that has worried carriers and shippers for several months.

GREATEST BLOOD REMEDY

Gives Results When Others Fail
Nature's Remedy For the Blood.

The purifying and curative properties of Nature's great remedy have made S. S. & S. for the Blood a household name. Thousands today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood purifier. S. S. & S. is made entirely from roots, herbs and barks, which possess cleansing and healing ingredients. You cannot be well when your blood is impure, pus, lack strength and energy, natural with health; your complexion becomes pale and sallow; your vitality is weakened. When waste or refuse matter, which Nature intends shall be thrown off, is left in the system, it is absorbed into the blood and boils, pimples, rashes, blotches and other eruptions of the skin appear.

S. S. & S. goes into the circulation and removes every particle of blood poison or every character. All skin diseases and eruptions pass away, and the smooth clean skin, glowing with health, shows that the body is being nourished by rich pure blood. Rheumatism, Eczema, Scabies, Contagious Hood, etc., all are deep-seated blood disorders, and for their treatment nothing equals S. S. & S. Get it, S. S. at any drug store. HOUSE TAKES UP DEFENSE MEASURE TODAY

Washington, D. C., March 6.—With the introduction today of the House army bill by Chairman Hay, of the military committee, the second of the national defense measures, recommended by President Wilson, was before congress. The first of these measures, the senate army bill, was introduced Saturday.

The house bill, the result of months of work and investigation, was accompanied by a report which asserts that the committee believes it has succeeded in embodying in the measure, "every feature which is necessary to bring about a reasonable plan for national defense."

As completed, the measure proposes to increase the regular army to a strength of 140,000 fighting troops, which means the addition of forty thousand men and 7,480 officers. It also provides 788 additional officers for detached service with the national guard, military schools and elsewhere. A maximum strength, however, is fixed at 170,000 men.

The bill provides for federalization of the national guard under a militia pay bill, substantially similar to that proposed in the senate bill.

The house plans, however, differ from the senate bills in that the president is authorized to draft national guardsmen into the federal

service on the outbreak of war. The ultimate strength of the guard is greater under the house plan since a minimum force of 435,000 is stipulated to be organized within five years. The senate plan provides for approximately 260,000 guardsmen.

In the house bill, as in the senate, the officers reserve corps is provided for, but the house plan would double the enrollment at the military academy.

Chairman Hay's report estimates that a force of 1,942,750 men trained for military service will be at once available upon the passage of this bill. To reach this total he relies upon the regulars with a strength of 140,000 and a reserve of 80,000, upon 129,000 national guardsmen, the guards' present strength, and upon 996,750 former regulars, or national guardsmen.

A feature of the house bill is the broad scope given its proposals for the mobilization of commercial industries and lines of communication for war use. Regularly enlisted reserves in all civil occupations necessary to the maintenance of an army in war time, are authorized and government orders for war materials are given right of way at all plants by law. The bill authorizes also the construction of a plant for the fixation of atmospheric nitrogen for use in manufacturing explosives.

DESTROYERS SHELLING A TURK TOWN

Petrograd, March 5.—(Via London March 6).—Russian torpedo boat destroyers have bombarded Trebizond, the Turkish seaport on the eastern part of the coast of the Black Sea, 120 miles northwest of Erzerum and have sunk several vessels. The Turkish batteries, it is announced, replied but without success.

SPRING MEDICINE

Hood's Sarsaparilla, the Best Blood Purifier, is the Best.

Spring sickness comes in some degree to every man, woman and child in our climate.

It is that run-down condition of the system that results from impure, impoverished, dehydrated blood. It is marked by loss of appetite and that tired feeling, and in many cases by some form of eruption. The best way to treat spring sickness is to take Hood's Sarsaparilla. This old reliable family medicine purifies, enriches and revitalizes the blood. It is an all-the-year-round alternative and tonic, and is absolutely the best spring medicine.

Get your blood in good condition at once—now. Delay may be dangerous. Ask your druggist for Hood's Sarsaparilla, and insist on having it, for nothing else can take its place.

NO LONGER A FEDERAL PRISON

Charleston, W. Va., March 6.—The West Virginia penitentiary will no longer be used as a prison for federal convicts, according to an order received by the state district attorney from the stated department at Washington.

The order says that males convicted by the federal court in the southern district of West Virginia will hereafter be committed to the federal prison at Atlanta and female prisoners to the prison at Jefferson City, Mo.

CONGRESS IS READY FOR THE FIGHT OVER ARMED SHIP ISSUE

Washington, March 6.—With the return of President Wilson and members of congress from week-end trips, the meeting of the house rules committee and the recent arrival here of William Jennings Bryan, interest in the fight over armed ships' issue will be revived.

The proposals to warn Americans off armed merchantmen, defeat of which has been urged by President Wilson to strengthen his hands in negotiations with Germany, had been postponed by the absence of so many members on week-end trips.

The President had engagements to confer with Representatives Bennett, of New York, and Lamont, of Wisconsin, of the rules committee, which were to pave the way for a vote on the armed ship issue, while Mr. Bryan had a luncheon engagement with Representative Bailey at a hotel within a stone's throw of the capitol.

The task before the rules committee today was the framing of a rule to bring before the house tomorrow the report of the foreign affairs committee that the McLeure warning resolution be tabled after limited debate. The rule also was set forth that the president was to be permitted to handle diplomatic affairs without congressional interference.

Administration leaders said they were assured of a full Democratic vote in the committee and a majority on the floor to table the resolution.

Although Mr. Bryan has declared that he would not actively participate in the armed ship fight, his luncheon engagement at a hotel where Speaker Clark, Representative Shackleford and six other congressmen make their homes, attracted great interest.

There will be further debate on the armed ship question during the week in the senate. Chairman Stone, of the foreign relations committee, has prepared a long speech on the whole subject of the position of the United States as related to the European war. Senator Sutherland, of Utah, a Republican member of the committee, will respond.

BRAKEMAN FALLS UNDER CARS, DIES FROM WOUNDS

Ironton, O., March 6.—Losing his balance when he attempted to tighten a brake which he thought was already fairly tight, but which proved to be very loose, Richard Sturgill, aged 27, of North Fourth street, brakeman at the D. T. & I. incline on the river front near Sarah Furnace, fell beneath the cars of the D. T. & I. yard engine Saturday and received injuries which proved fatal, the injured man dying over two hours later, at the Keller hospital, where he was rushed in the Bingham and Jones ambulance within fifteen minutes after the accident occurred.

Both limbs were cut off, the left leg being cut off from the knee down and the other from the hip joint. The body was otherwise badly mangled, and he received internal injuries.

Every measure possible was taken at the hospital to make the injured man's last hours as easy as possible but it was recognized at once that he had little or no chance to survive.

The deceased was known familiarly as "Dick" Sturgill. Engineer Hawthorne and Conductor McCluskey were in charge of the yard engine drawing the train under which Sturgill fell to his death. Luke McGuire, a D. T. & I. conductor, was the first to reach the injured man's side and pulled him from beneath the train.

Traction Work Progressing, May Be Ready By Middle Of Summer

Ironton, March 6.—The work on the Ironton-Portsmouth traction line is progressing rapidly now and it is thought that the work will be completed before the middle of summer. The trolley wire, a double one, is up as far as Haverhill, and will soon be stretched as far as Hanging Rock. The indications for better weather are good, and this will allow the work to proceed as hastily as possible.

Mr. York, according to Portsmouth papers, stated that the line would be in operation by the latter part of June.

The second trolley is an emergency wire and will prevent delays due to broken wires.

Committee Will Meet

All members of the Religious Educational Committee of the Second Presbyterian church are urged to attend a meeting of the committee which will be held in the pastor's study Tuesday evening of this week, at 7:15 o'clock.

WOMAN'S JAW IS FRACTURED

Mrs. Anna James of 932 Front street fell in the rear of her home Sunday evening at 6 o'clock and was badly hurt.

Her lower left jaw was fractured in the fall and she suffered a two inch cut under the chin.

Dr. W. E. Gault was called and attended the injured woman.

Mrs. James was carrying water to her horse when she fell without warning. She says she is unable to state just what caused her to lose her balance. The walk was free of ice.

LABOR COUNCIL TONIGHT

Central Labor Council will hold its regular semi-monthly session in Trades Assembly hall, Carr building, this (Monday) evening. There are many matters of inter-

est on the schedule to come before the council and perhaps among them a partial report from the important committees appointed at last regular meeting.

Attention, SHEET MILL CHANGE

All members of the Owls are requested to meet at their hall, corner Fifth and Chillicothe streets, tonight at 7:30. Business of importance is to be transacted and final arrangements made for the big dance to be given in Kendall hall tomorrow (Tuesday) evening. This is the sixth annual Fast Nacht to be given by this popular lodge. Spitzer's five piece orchestra will furnish the music for the occasion. A general good time is assured all who attend.

Howard Moore, who has been at the head of the order department in the plant of the Whitaker-Glessner Company for some time, is now in complete charge of the sheet mills in this firm's big plant in New Boston, the change being in the nature of a fine promotion for Mr. Moore. He succeeds R. C. Smith.

AUSTRIA AND SAN MARINO AT WAR

Rome, March 6.—Austria considers herself at war with the republic of San Marino is the message conveyed by Frederick C. Penfield, American ambassador in Hungary, to the regents of the smallest state in the world, who had applied through him to have their citizens interned in Austria released.

Austria justified her refusal with the statement that San Marino has committed a gross breach of neutrality.

This little state has had an existence of about 1,000 years. It is situated in northern Italy, 14 miles southwest of Rimini, is 22 square miles in area and has a population of 9,500. The nature of the serious breach of neutrality which Austria alleges that San Marino has committed is not recorded. Soon after the declaration of war by Italy on Austria, it was rumored that San Marino had made a similar declaration but this declaration never was confirmed.

IDEALS OF MATRIMONY ARE SHATTERED SO JUDGE ASKS TRANSFER TO ANOTHER BENCH

Chicago, March 6.—To save what he termed the remnants of his shattered ideals of matrimony Judge Jacob H. Hopkins, a bachelor, was transferred today from the bench of the Chicago court of domestic relations, being succeeded by Judge John E. Newcomer, a married man.

For the last six months, Judge Hopkins has listened from the bench to the marital woes of the city but recently he told friends he could stand it no longer. And to avert what seemed to be an impending tragedy to a bachelor soul, Chief Justice Harry Olson complied with Judge Hopkins' request and

announced the new assignment.

"Once I viewed marriages through rosy mists of sentiment and poetry," Judge Hopkins said. "I believed there was still love in the world—love that endured from the altar to the grave. In the court of domestic relations my ideals died one by one. Day after day I listened to nothing but the sorrows and tragedies of married couples. I began to wonder whether any such thing as marital happiness existed on earth. So I asked to be transferred. It was a last measure to self defense—a measure to save at least some of my ideals."

Tender Teeth—the first sign of Pyorrhea

When you brush your teeth, does it feel as though you were brushing against the quick? Do the gums sometimes bleed? This is because pyorrhea has caused the gums to pull away from your teeth, leaving the unenclosed surfaces unprotected.

Your dentist will tell you, if you ask him, that you have gum recession; and that gum recession is caused by pyorrhea.

Unchecked, pyorrhea will warp and shrink and deform the gums. It will break down the bony structure into which the teeth are set—and you will eventually lose them. To save your teeth you will have to begin to fight this dread disease at once.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your

FRANKNESS AND PRETENSE

In an up-river town there is published one of the most sanctimonious newspapers it has ever been our task to read. It is constant and persistent in profession of morality and rebuke of the wickedness and sinfulness of others and all things generally. We have often thought what marvelous men its publishers must be to carry this double burden of virtue and vice along with the ordinary pack editors have to carry.

Somehow we got more than usually impatient when we read in it a heated attack upon the director of public service in its city because he is alleged to have made this declaration: "There are many ordinances upon the city books, which, if followed out in strict accordance with their reading, would be of little good." Now, mind you, we do not know the politics of the official who made this utterance, though we assume he is a Republican since in the particular town they all too seldom have any other sort of officials; we do not know what circumstances led up to the declaration, but we do honestly wish to know what is wrong with it in substance, fact and practice? We have ever been sort of old foggy on this subject, may be. We believe in less laws and we not only approve, but we condone disregard of many. We esteem this one of our distinct and shining virtues, because we have the saving grace to admit our irreverence of statutes, while so many violators, and all grown persons that breathe are violators, whine and whangdoodle about the sanctity of the ordinances of state and city. Fudge—nothing in it but false pretense. There ought to be discretion allowed officials in enforcing the laws, and people ought to exercise common sense in obeying them. In every town in the state, every hour, some ordinance is being fractured. Somebody has littered up the sidewalk in manner forbidden, somebody else is wasting water against the rules, a neighbor has a gate opening the wrong way, the mayor is suspending sentences, and wagons and autos are taking the wrong side of the street. We can't bring ourselves to believe all these people are criminals, that they are vicious and scurrying on their way to the devil, as our godly contemporary seems to be willing to finally hate the service director. We are a free and easy going people, what we do doesn't matter so long as we do not bother another; there are no martinet, military or moral to set our gait, and we are as good as any that walk. To close, we will say, that up-river town ought to be rather proud that it has an official, who evidently, isn't afraid to speak the straight and solemn truth.

PATRONIZING HOME

Forty-five thousand tourists visited Yellowstone park, in 1915, and the San Francisco Panama exposition, of the same year came nearer being profitable from a direct financial standpoint than any other world's fair, so called.

Both features, that are happy in the outcome, that is the unmounted success of each. It was carrying out expansively an injunction to which it has long labored to give effect: See America first. Those able to spend much money in travel have been compelled to expend it here at home if they would go about at all, for the reason that Europe has to all intents and purposes embargoed against visitors. It is commonly estimated that American travelers spend at least three hundred million dollars a year in Europe. As the war has been on for near two years this means something like five hundred million dollars has been kept at home. This sum is equal to about five dollars for every inhabitant of the country. Its potentialities upon trade and property are incalculable. Its golden streams run into every nook and corner of the land, vivifying business and manufacturing. It means patronage, demand upon the service and products of all, keeper, the farmer, the dairyman, the toiler in the factory and the mill, store, the railroad and the hotel. In aggregate value of dollars it is greater than the famous "war orders," to which more than full credit is given for starting the country on the way to an era of wonderful prosperity.

The county surveyors are laying out three miles of brick road for the West Side. That has the proper sound.

IT WOULD CERTAINLY STUMP THOSE ROYAL WAR GAMES

COULDN'T UNDERSTAND IT

Henry Allen, the Kansas editor, went down town the other day suffering from a severe cold. He was buttoned up to the neck—had on a great overcoat, with a muffler about his throat, and with the collar of the coat turned up over the muffler—a picture of defiance to the winter cold.

Near him in the same streetcar sat a girl with her throat exposed to the "wish bone". She didn't have on clothes enough above the waist to build a bird's nest and none at all upon one-fourth of her chest. Yet she seemed in the best of health, and chatted and laughed while Henry sat there sullen and discomfited. So it is not strange that the editor marveled; it was enough to make one marvel—unless he possessed sufficient philosophy to make him happy.

People do not "catch cold" from exposure; not if they have been accustomed to exposing themselves. The savage who goes naked in all kinds of weather doesn't suffer from colds or rheumatism, or anything else. The checks do not require heavy covering in the severest weather. So if the young woman starts in the cold with uncovered chest, and sticks to it, she can stand a lot of cold without suffering, and certainly without catching cold from the exposure. But Henry Allen couldn't understand it, and a lot of other people can't.—Dayton News.

SEEING GOOD IN OTHERS

The truth that everybody should observe as he progresses through this uncertain world is that there is good in everyone; that no man lives who has not in his nature somewhere some good, and it is the duty of everybody to find that out the first thing; and very often he will find that the good is the major part of the man's makeup. To discover the good qualities of another is not only a service to that other, but to oneself also. Indeed, a man who will not see any good in others is himself a mean man. His heart is cold and his brain is scant. But if he sees whatever worth there is in others, his sympathies enlarge and his views broaden. There is the great good in seeing good in others—it makes a man of one and lifts him above the sordid levels of life.

If we wanted to test the manliness of a man, we would get his opinion of his neighbors. If there was one of them in whom he saw no good we would mark him down. We would hardly expect him to see the same good in all, but if he would analyze his observations closely and seek an equilibrium of conditions he would find no serious difference among them; not so much difference as to raise a feeling of more dislike than friendliness.—Columbus Journal.

There is a furtive thought in our mind that some fellows we know up about Columbus are going to ponder deeply whether or not it would be good political manners to take hold of Bryan's coat-tails when he comes to Columbus next week.

We have got it at last, and from the veracious Marion Star. We've been wondering why meat was so cheap and the Star says it is because free trade is letting the stockmen of Argentina, five thousand miles away, send their beavers in here for nothing, and to be given away without price we assume.

THE VILLAIN STILL PURSUES

It simply can not be otherwise, some jinx is pursuing the new waterworks system. In the pocketbook of every taxpayer, when council authorized the issuance of a big batch of new waterworks bonds, there reposed a wish that it would be the last. Though the obligated debt of the city for the new system, which was originally estimated would cost a quarter of a million, has now run up to six hundred thousand, the end is not yet in sight. No, not by any means, for with the news of these last bonds, there goes an ominous rumor that Engineer Slute finds evidence of a breakdown or collapse of other units and there may be at any time a condition developed that there is no means now of so much as surmising what will be the cost of restoration.

We don't know who Georgie Burns Lacour is, any more than we see where she is appearing on the lecture stage. We must plead about an equal part of ignorance as to the value of her suggestion to wives if they would perk up and wear silk stockings, there would be more conjugal felicity. Anyway, we think it might depend some on who paid for the socks.

The Chicago News is unkind enough to suggest the perhaps, that him we once so fondly called Teddy has gone far into the Mexican sea to give President Wilson a rest.

The perfect calm that has blessed the country since Roosevelt went sailing into the gulf and Bryan began "wintering" in Florida, is to be broken by a speech of the latter at Columbus next week.

Senator Gore, in reply to the charge that Bryan wrote his resolution which was trampled all over by the senate, Friday, declared he had not seen the ex-Secretary of State all winter. Undoubtedly true as the blind can not see.

Wilson said four years ago Friday was his lucky day. Since Friday last when the senate came so gracefully to his way, it is unanimously so agreed.

According to the latest reports the western woman who had forty frog skins grafted on her was able to walk. The attending physician offers no opinion as to when the patient may be expected to begin hopping.

Yes, look out for the deadly peril to again begin periling at the old stand, that be if Dick Hobson works his way back to congress, which the fates forefend.

Some nations are just as foolish as some people. Therefore is the part of Portugal in stirring up a rumpus with Germany at this particular juncture not altogether inexplicable.

NEW-YORK-DAY-BY-DAY.

O-O-MEINTYRE.

New York, March 6.—The first decapitated. I then began to read the newspapers and saw that most of them sized me up as a quitter. Jack Abbott, an automobile man. It became so interesting to read these reports that I simply gave out an impression that I was going to quit. It is the only way in the world to get a proper view of a quitter—and believe me it is very, very unpleasant.

At each plate was a card which read: "Jack Abbott, Broadway's cut up, will get a little of his own medicine tomorrow. Those desiring to be pallbearers kindly hand in their names tonight. A lunch will be served at the grave."

Quite gruesome indeed, yet the friends of Abbott say that they joshed him so about his fear of the operation that he did not have any fear at all and the attending surgeons say that his recovery from the shock of the operation was quite marvelous.

The party lasted until the early morning hours. The favors were coffins and papier mache skull and crossbones. During the evening the host received lugubrious telegrams from undertakers, florists, professional mourners and the like.

Jess Willard has been the sensation of New York the past week. Everywhere he goes admiring eyes follow him. The big strapping fellow has a rural awkwardness about him that smacks of the Kansas prairies and makes him very welcome to Broadway.

He is stopping at the Colonial Hotel far uptown but manages to get around Times Square every day to give the White Way the O. O. He was much amused at the way the newspapers scoffed at his attack of the gripe and attributed it to an attack of zero weather in his feet.

Lots Of Women Like This

"Commend me to the average woman shopper for real shrewdness," says the manager of a well-known establishment. "We received a visit from one the other day that taught us something."

"She was considering the purchase of a yard of silk at 80c. The woman's purchase left a remnant of a yard and a half, which the salesgirl suggested that she should take."

"What'll it cost?" asked the shopper.

"Fifty cents."

"I'll take it," was the prompt response, "and you may keep the yard you've torn off."—Youth's Companion.

LATEST SUNDAY NIGHT AIR RAID ON LONDON IS DEADLY GERMAN RAIDER IS SAFE AT HOME

12 KILLED, 33 INJURED

London, March 6.—Twelve persons were killed and thirty-three injured in last night's Zeppelin raid. Three Zeppelins took part in the attack. This information was given out officially today.

DESTROYERS SHELLING A TURK TOWN

Petrograd, March 5.—(Via London March 6).—Russian torpedo boat destroyers have bombarded Trebizond, the Turkish seaport on the eastern part of the coast of the Black Sea, 120 miles north-west of Erzerum and have sunk several vessels. The Turkish batteries, it is announced, replied but without success.

16 DIE IN MINE DISASTER

Davis, W. Va., March 6.—The death toll resulting from the mine explosion at Kempton, Kentucky, was brought up to sixteen with the death at a local hospital yesterday of one of the five men who were brought here bodily injured.

WEATHER

SUNK

—TUESDAY—Partly cloudy and somewhat colder with probably snow near Lake Erie.

London, March 6.—The British steamship *Masanda*, of 4952 tons, has been sunk. All the members of her crew were saved.

ARMED TO THE TEETH THREE MEN ARRESTED NEAR BOSTON CHURCH

ONE AN OHIO MAN HOUSE TAKES UP DEFENSE MEASURE TODAY

Boston, March 6.—Three men armed with revolvers and carrying dynamite, percussion fuses, and blasting powder, were arrested today by a squad of police on a shed roof adjoining St. Mary's Catholic church in the North End district, after a sharp struggle today. They refused to tell what their purpose was or why they were hiding near the church. After the police had questioned them unsuccessfully, they were held in \$20,000 bond each on charges of breaking and entering, having burglars' tools in their possession and assault upon an officer. Later they were identified through records in the rogues' gallery as John Costa, of Cleveland, Ohio, and John Denatti and Rosario Conti of Philadelphia.

RAILROAD CONGESTION TAKEN UP

Washington, March 6.—Congested conditions in freight terminals of trunk line railroads entering New York and Atlantic coast seaports and the best way for the carriers and shippers to relieve the situation were topics for discussion today at an informal conference between the Interstate Commerce Commission, the railroads and all others concerned.

The commission has set aside two days for discussion and hopes to find some way to solve a problem that has worried carriers and shippers for several months.

Washington, D. C., March 6.—Chairman Hays' report estimates that the introduction today of the bill for a force of 1,342,710 men House army bill by Chairman Hays, trained for military service will be of the military committee, the so-called "one-time" bill, to reach this total, he recommended, by President relies upon the regulars with a Wilson, was before congress. The strength of 140,000 and a reserve of first of these measures, the senate bill, upon 129,000 national guardsmen, was introduced Saturday. The house bill, the result of months of work and investigation, national guardsmen. A feature of the house bill is the broad scope given its proposals for the mobilization of commercial industries and lines of communication for war use. Regularly enlisted reserves in all civil occupations necessary to the maintenance of an army in war time, are authorized and government orders for war materials are given right of way at all plants by law. The bill authorizes also the construction of a plant for the fixation of atmospheric nitrogen for use in manufacturing explosives.

The house plan, however, differ from the senate bills in that the president is authorized to draft national guardsmen into the federal service on the outbreak of war. The ultimate strength of the guard is greater under the house plan since a minimum force of 425,000 is stipulated to be organized within five years. The senate plan provides for approximately 250,000 guardsmen. In the house bill, as in the senate, the officers reserve corps is provided for, but the house plan would double the enrollment at the military academy.

BERLIN ANNOUNCES THAT MOEWE HAS OUTPLAYED ALLY FLEET AND IS IN PORT

15 SHIPS AND ONE BATTLER ARE THE VICTIMS

Berlin, March 6.—Via London.—Official announcement is made by the naval general staff today that the German commerce raider *Moewe* has returned to a German port. She had on board 190 prisoners and 1,000,000 marks in gold bars. The statement follows:

"The naval general staff states that H. M. S. *Moewe*, commander Captain Burggrave and Count Von Dohna-Schilling, after a successful cruise lasting several months, arrived today at some home port with four British officers, twenty-nine British marines and sailors, 100 men of crews of enemy steamers, among them 133 Indians, as prisoners, and 1,000,000 marks in gold bars. The vessel captured the following enemy steamers: the greater part of which were sunk and a small part of which were sent as prizes to neutral ports. The British steamers *Corbridge*, 3,687 tons; *Author*, 3,490 tons; *Trad-*

er, 3,008 tons; *Ariadne*, 3,033 tons; *Dromedary*, 3,027 tons; *Farrington*, 3,146 tons; *Clan Macfarlane*, 3,510 tons; *Appam*, 7,761 tons; *Westbury*, 3,300 tons; *Horace*, 3,383 tons; *Elmenco*, 3,329 tons; *Saxon Prince*, 3,471 tons. "The British sailing vessel *Edinburg*, 1,478 tons. "The French steamer *Maroni*, 3,100 tons. "The Belgian steamer *Luxemburg*, 4,322 tons. "At several points, on enemy boats the *Moewe* also laid out mines, to which among others, the battleship *King Edward VII* fell victim."

London, March 6.—An Exchange Telegraph dispatch from Amsterdam says the *Moewe* reached Wilhelmshaven yesterday. Count Von Dohna, the *Moewe's* commander, has been awarded the iron cross of the first class and the members of the crew have received the iron cross of the second class. Count Von Dohna has been ordered to meet Emperor William at headquarters.

Berlin, March 6.—The *Moewe's* capture of two of the fifteen vessels listed by the German admiralty has not been reported previously. They are the *Saxon Prince* and the *Maroni*, both of which were engaged in the trans-Atlantic service. The *Saxon Prince*, 3,471 tons gross, 353 feet long, and owned by the Prince Line of New Castle, England, was built in Sunderland in 1899. She was last reported on sailing from Norfolk, February 12, for Manchester.

The *Maroni* sailed on February 10 from Bordeaux for New York. She was built at Port de Bous in 1900, owned by the Compagnie Generale Trans-Atlantique of Havre, and was 921 feet long, of 3,100 tons gross. The *Moewe* previously made famous by her exploits, has performed one of the most spectacular feats of war on the seas by reaching a home port in safety—the great German naval port of Wilhelmshaven—through seas which are patrolled with great vigilance by British war ships. It is through these waters which have been blocked in districts for patrol by the different British units, that the *Moewe* must have threaded her way to home and safety. At least part of the gold captured by the *Moewe* was taken from the *Appam*, which put in at Newport News several weeks ago under command of Lieutenant Berg with a German prize crew. Announcement was made in London on January 10 that the British battleship *King Edward VII* had been blown up by a mine. The place at which the disaster occurred was not revealed by the British admiralty. It was said no lives were lost and only two men were injured. The *Moewe* first became famous when the *Appam* reached Newport News with a story which astonished the world. It was learned that the commerce raider had captured and sunk seven British vessels. In the main line of traffic between South Africa and Europe, in addition to seizing the *Appam* which had been almost given up for lost. The next hoard of the German raider was on the arrival at Ouessant Islands into last month of the West-burn in charge of a German prize crew. It was then made known that the *Moewe* had sunk five more steamships off the coast of Brazil. The *Saxon Prince* and *Maroni* were captured by the *Moewe* on her way back to Germany, as their sailing dates show they were both on the high seas toward the end of February.

KEEPING ABREAST WITH SPORTING TREND

Where Will Reds Finish This Season?

Hope springs eternal in the breast of the faithful baseball fan and it sprouts with particular vigor at this season of the year, when the athletes are settling out on their long campaign.

Everything is busy as the baseball special pulls out for the south, crowded with embryo Cobbs and Wagners, and with the baggage car laden with bats guaranteed to be full of safe hits. Every man on the team, from the minor

league down to the youngest recruit, is full of confidence and the vision of the future is bright and glorious. The statistics which are sure to arise in May and June are as yet invisible on the horizon. Pennant hopes are brilliant.

The veterans are sure that this year will be their best year, while the rookies, though perhaps somewhat nervous over their sudden rise from the bushes, are full of ginger and confidence that they will some day be as famous as the regulars on the club. Cincinnati fans have had these early hopes many and many a time, only to have them blasted before the championship season is half concluded. Still they hope on.

This year, before the team has even reported for spring training, the entire grand stand reservation for the opening game six weeks hence has been sold

out. For the past three years the Reds have finished either seventh or eighth, but three remains the usual confidence in their ability to improve their standing, in spite of the historical fact that such confidence has been often enough abused in the past. It really does look this spring as if this confidence is not so sadly misplaced as it has been frequently in the past.

Toledo Has 220 Five-Men Teams In Annual A. B. C. Tournament

Players from every section of the United States and parts of Canada are expected to be in the A. B. C. Bowling Tournament now in full swing in Toledo.

They come from as far east as New Haven, Conn., and Newark, N. J., from as far south as Chattanooga and Knoxville, Tenn., from as far west as Denver and from Montreal in the north.

Toledo has contributed 220 five-men teams, the largest individual entry of any city in the history of the organization with the exception of that from

Splendid Scores Being Rolled In Big Tournament At Toledo

Toledo, March 5.—Only a few men were billed to roll in the major events of the American Bowling Congress tournament in the third day of this city but here are some of the totals.

The Sunday bowling proved the first of ever seen on an opening day at all A. B. C. meet. W. H. Hagan, surprised the spectators with 600, while W. J. Wenzel, a local man nearly tripped him with 617 on the same shift. The two-man contest was almost as speedy as four pairs, with Broderick and Mollenkopf of Cincinnati installing that town in first place with 1152.

Considerable quiet work has been done by the Bowling Politicians and it is expected a slate will be prepared for the annual election next Friday that will go through without a murmur of dissent.

FRANKNESS AND PRETENSE

In an up-river town there is published one of the most sanctimonious newspapers it has ever been our task to read. It is constant and persistent in profession of morality and rebuke of the villainous and sinfulness of others and all things generally. We have often thought what marvelous men its publishers must be to carry this double burden of virtue and vice along with the ordinary pack editors have to carry.

Somewhat we got more than usually impatient when we read in it a heated attack upon the director of public service in its city because he is alleged to have made this declaration: "There are many ordinances upon the city books, which, if followed out in strict accordance with their reading, would be of little good." Now, mind you, we do not know the politics of the official who made this utterance, though we assume he is a Republican since in the particular town they all too seldom have any other sort of officials; we do not know what circumstance led up to the declaration, but we do honestly wish to know what is wrong with it in substance, fact and practice. We have ever been sort of old foggy on this subject, may be. We believe in less laws and we not only approve, but we condone disregard of many. We esteem this one of our distinct and shining virtues, because we have the saving grace to admit our irreverence of statutes, while so many violators, and all grown persons that breathe are violators, while and whangdoodle about the sanctity of the ordinances of state and city. Fudge—nothing in it but false pretense. There ought to be discretion allowed officials in enforcing the laws, and people ought to exercise common sense in obeying them. In every town in the state, every hour, some ordinance is being fractured. Somebody has littered up the sidewalk in manner forbidden, some one else is wasting water against the rules, a neighbor has a gate opening the wrong way, the mayor is suspending sentences, and wagons and autos are taking the wrong side of the street. We can't bring ourselves to believe all these people are criminals; that they are vicious and scurrying on their way to the devil, as our godly contemporary seems to be willing to finally haste the service director. We are a free and easy going people, what we do doesn't matter so long as we do not bother another; there are no martinet, military or moral to set our gait, and we are as good as any that walk. To close, we will say, that up-river town ought to be rather proud that it has an official, who evidently, isn't afraid to speak the straight and solemn truth.

PATRONIZING HOME

Forty-five thousand tourists visited Yellowstone park, in 1915, and the San Francisco Panama exposition, of the same year came nearer being profitable from a direct financial standpoint than any other world's fair, so called.

Both features, that are happy in the outcome, that is the unwonted success of each. It was carrying out expansively an injunction to which it has long labored to give effect: See America first. Those able to spend much money in travel have been compelled to expend it here at home if they would go about at all, for the reason that Europe has in all intents and purposes embargoed against visitors. It is commonly estimated that American travelers spend at least three hundred million dollars a year in Europe. As the war has been on for near two years this means something like five hundred million dollars has been kept at home. This sum is equal to about five dollars for every inhabitant of the country. Its potentialities upon trade and property are incalculable. Its golden streams run into every nook and corner of the land, vivifying business and manufacturing. It means patronage, demand upon the service and products of all, keeper, the farmer, the dairyman, the toiler in the factory and the mill, store, the railroad and the hotel. In aggregate value of dollars it is greater than the famous "war orders," to which more than full credit is given for starting the country on the way to an era of wonderful prosperity.

The county surveyors are laying out three miles of brick road for the West Side. That has the proper sound.

POLLY AND HER PALS

Boston Mass.
March 4-16.
Dear Mr. Secrett
Pardon our inquisitiveness, but why is it that Polly can afford the very latest in gowns, without number, while poor Pa is compelled to wear the same old vest and trousers year after year? We are of the opinion that given a suitable wardrobe, (hang the expense!) Sam Perkins could "knock 'em dead." Trusting that you will employ your nimble pen to give the old man a chance. We remain,
Respectfully,
Fair Play.

IT WOULD CERTAINLY STUMP THOSE ROYAL WAR GAMES

COULDN'T UNDERSTAND IT

Henry Allen, the Kansas editor, went down town the other day suffering from a severe cold. He was buttoned up to the neck—had on a great overcoat, with a muffler about his throat—and with the collar of the coat turned up over the muffler—a picture of defiance to the winter cold.

Near him in the same street sat a girl with her throat exposed to the "wish bone". She didn't have on clothes enough above the waist to build a bird's nest and none at all upon one-fourth of her chest. Yet she seemed in the best of health, and chatted and laughed while Henry sat there sullen and discomfited. So it is not strange that the editor marveled; it was enough to make one marvel—unless he possessed sufficient philosophy to make him happy.

People do not "catch cold" from exposure; not if they have been accustomed to exposing themselves. The savage who goes naked in all kinds of weather doesn't suffer from colds or rheumatism, or anything else. The cheeks do not require heavy covering in the severest weather. So if the young woman starts in the fall with uncovered chest, and sticks to it, she can stand a lot of cold without suffering, and certainly without catching cold from the exposure. But Henry Allen couldn't understand it, and a lot of other people can't.—Dayton News.

SEEING GOOD IN OTHERS

The truth that everybody should observe, as he progresses through this uncertain world is that there is good in everyone; that no man lives who has not in his nature somewhere some good, and it is the duty of everybody to find that out the first thing; and very often he will find that the good is the major part of the man's makeup. To discover the good qualities of another is not only a service to that other, but to oneself also. Indeed, a man who will not see any good in others is himself a mean man. His heart is cold and his brain is scant. But if he sees whatever worth there is in others, his sympathies enlarge and his views broaden. There is the great good in seeing good in others—it makes a man of one and lifts him above the sordid levels of life.

If we wanted to test the malice of a man, we would get his opinion of his neighbors. If there was one of them in whom he saw no good we would mark him down. We would hardly expect him to see the same good in all; but if he would analyze his observations closely and seek an equilibrium of conditions he would find no serious difference among them; not so much difference as to raise a feeling of more dislike than friendliness.—Columbus Journal.

There is a furtive thought in our mind that some fellows we know up about Columbus are going to ponder deeply whether or not it would be good political manners to take hold of Bryan's coat-tails when he comes to Columbus next week.

We have got it at last, and from the veracious Marion Star. We've been wondering why meat was so cheap and the Star says it is because free trade is letting the stockmen of Argentina, five thousand miles away, send their beeves in here for nothing, and to be given away without price, we assume.

THE VILLAIN STILL PURSUES

It simply can not be otherwise, some jinx is pursuing the new waterworks system. In the pocketbook of every taxpayer, when council authorized the issuance of a big batch of new waterworks bonds, there reposed a wish that it would be the last. Though the obligated debt of the city for the new system, which was originally estimated would cost a quarter of a million, has now run up to six hundred thousand, the end is not yet in sight. No; not by any means, for with the news of these last bonds, there goes an ominous rumor that Engineer Shute finds evidence of a breakdown or collapse of other units and there may be at any time a condition developed that there is no means now of so much as surmising what will be the cost of restoration.

"We don't know who Georgie Burns Lacour is, any more than we see where she is appearing on the lecture stage. We must plead about an equal part of ignorance as to the value of her suggestion to wives if they would perk up and wear silk stockings, there would be more conjugal felicity. Anyway, we think it might depend some on who paid for the socks.

The Chicago News is unkind enough to suggest the perhaps, that him we once so fondly called Teddy has gone far into the Mexican sea to give President Wilson a rest.

The perfect calm that has blessed the country since Roosevelt went sailing into the gulf and Bryan began "wintering" in Florida, is to be broken by a speech of the latter at Columbus next week.

Senator Gore, in reply to the charge that Bryan wrote his resolution which was trampled all over by the senate, Friday, declared he had not seen the ex-Secretary of State all winter. Undoubtedly true as the blind can not see.

Wilson said four years ago Friday was his lucky day. Since Friday last when the senate came so gracefully to his way, it is unanimously so agreed.

NEW-YORK-DAY-BY-DAY.

O. O. MCINTYRE.

New York, March 6.—The first Appendicitis Party has been given in New York. The host was Jack Abbott, an automobile man. The party was given in a prominent cafe one evening and at noon the next day the host enforced a hospital to go under the knife.

At each plate was a card which read: "Jack Abbott, Broadway's cut up, will get a little of his own medicine tomorrow. Those desiring to be pallbearers kindly hand in their names tonight. A lunch will be served at the grave."

Quite grievous indeed, yet the friends of Abbott say that they joshed him so about his fear of the operation that he did not have any fear at all and the attending surgeons say that his recovery from the shock of the operation was quite marvelous.

The party lasted until the early morning hours. The favors were coffins and paper mache skull and crossbones. During the evening the host received lugubrious telegrams from undertakers, florists, professional mourners and the like.

The Battle For the Babies

Hail these conquering hosts that come To the tenement and slum, Smiling brightly, stepping lightly, Let by neither life nor drum; And, for snorting war-horse, now Lo, the unassuming cow!

Doing service for her country Quite as nobly, we avow! Flaunting neither stripe nor bar, Comes this latest G. A. R., For their watchword, "Go and Rescue!"

Pity for their guiding star, Through the deadly "heated term."

Still to save, unflinching, firm, In the Battle of the Babies, With the giant grim, the Germ.

With the Monster, then, to cope Comes this brave brigade of Hope Armed right well with skill and science,

Reinforced with zeal and soap! And for battle cry, hear we Just a jingling lullaby:

"Lest the morrow come with sorrow, Guard and save the 'Infantree!'"

Uniformed in cambric bright, Cuffed and helmeted in white, Cool and careful, fair and faithful

Sure they are a bonnie sight; Ah, from Maine to Washington May such patriotism run!

BRAKEMAN FALLS UNDER CARS, DIES FROM WOUNDS

Ironton, O., March 6.—Losing his balance when he attempted to tighten a brake which he thought was already fairly tight, but which proved to be very loose, Richard Sturgill, aged 27, of North Fourth street, brakeman at the D. T. & I. machine on the river front near Sarah Furnace, fell beneath the cars of the D. T. & I. yard engine Saturday and received injuries which proved fatal, the injured man dying over two hours later at the Keller hospital, where he was rushed in the Hageman and Jones ambulance within fifteen minutes after the accident occurred.

Both limbs were cut off, the left leg being cut off from the knee down and the other from the hip joint. The body was otherwise badly mangled, and he received internal injuries.

Every measure possible was taken at the hospital to make the injured man's last hours as easy as possible but it was recognized as soon that he had little or no chance to survive.

The deceased was known familiarly as "Dick" Sturgill.

Engineer Henthorne and Conductor McClary were in charge of the yard engine drawing the train under which Sturgill fell to his death. Luke McGuire, a D. T. & I. conductor, was the first to reach the injured man's side and pulled him from beneath the train.

Attention, Owls!

All members of the Owls are requested to meet at their hall, corner Fifth and Chillicothe streets, tonight at 7:30. IDEALS OF MATRIMONY ARE SHATTERED SO JUDGE ASKS TRANSFER TO ANOTHER BENCH

Chicago, March 6.—To save what he termed the remnants of his shattered ideals of matrimony Judge Jacob H. Hopkins, a bachelor, was transferred today from the bench of the Chicago court of domestic relations, being succeeded by Judge John R. Newcomer, a married man.

For the last six months, Judge Hopkins has listened from the bench to the marital woes of the city but recently he told friends he could stand it no longer. And to avert what seemed to be an impending tragedy to a bachelor soul, Chief Justice Harry Olson complied with Judge Hopkins' request and

Mrs. Anna James Suffered Fracture Of Jaw In Bad Fall

Mrs. Anna James of 392 Front street fell in the rear of her home Sunday evening at 6 o'clock and was badly hurt.

Her lower left jaw was fractured in the fall and she suffered a two inch cut under the chin. Dr. W. E. Gault was called and attended the injured woman.

Mrs. James was carrying water to her home when she fell without warning. She says she is unable to state just what caused her to lose her balance. The walk was free of ice.

Traction Work Progressing, May Be Ready By Middle Of Summer

Ironton, March 6.—The work on the Ironton-Portsmouth traction line is progressing rapidly now and it is thought that the work will be completed before the middle of summer. The trolley wire, a double one, is up as far as Haverhill, and will soon be stretched as far as Hanging Rock. The indications for better weather are good, and this will allow the work to proceed as hastily as possible.

Mr. York, according to Portsmouth papers, stated that the line would be in operation by the latter part of June.

The second trolley is an emergency wire and will prevent delays due to broken wires.

LILLIAN GISH AS THE PRETTY HOUSEWIFE IN "THE LILY AND THE ROSE," A NEW TRIANGLE-FINE ARTS PLAY THAT HAS ATTRACTED UNUSUAL ATTENTION.

Columbia Today

The Lily is first seen in a beautiful Southern home, where she is cared for by her two aunts, typical gentlemen of former days. Through a fashionable relative, the Lily is introduced to the man whom she marries. He gradually tires of the artless girl and goes to a lively show, where he sees a sensational dancer, the Rose. In his infatuation he neglects the Lily. She is unsuspecting until she receives an anonymous warning. Then she tries to win back her husband by giving a new dance that she has learned at a social affair, but he does not give her any encouragement. Then the ways of the husband and wife part. He takes the dancer to the seashore, while the Lily returns to her girlhood home. The man finds that the dancer is shallow and fickle. When he is ready to leave her in disgust he gets a letter from his wife, saying that she has decided that as he was unworthy to be bound by marital ties she had started proceedings Saturday from that reliable source for their separation. He goes out mad. Whole heaps of dead and to the garden house and shoots himself. The dancer finds him dead and, thinking only of her shells, see men torn limb from limb, carefully leaves, after wiping her shoes, see whole regiments of men ing out her footprints on the torn asunder while making a gallop.

U. S. CONSUL IS DEAD

Washington, March 6.—Olney Arnold, American diplomatic agent and consul general at Cairo, Egypt, died yesterday in a hospital at Lisbon, Portugal.

He was 54 years of age. He had been in Lisbon for several days, suffering from a heart ailment. He was a member of the American Consular Service for many years.

MAY HOLD HOSEY GIRL INQUEST THIS WEEK

Although the detectives who are investigating the death of Miss Estella Hosey were still busy running down clues and had not yet made their final report Monday, Coroner Dr. J. W. Daehler expressed the hope that he would be able to hold an inquest some time this week.

No further search for the dead girl's missing hat will be made in the Millbrook park lake, where her body was found February 10th, said Prosecutor Micklethwait Monday. The lake "arm" was thoroughly dragged by Park Keeper Henry Koger and Marshal W. I. Davis Saturday afternoon. They started to work at noon and dragged the "arm" for fully two hours, they said, and both men were positive that the hat was not in the water.

Will Not Drain The Big Lake

No attempt will be made to drain the big lake, said Mr. Micklethwait. It could not be done without greatly discommoding and damaging the steel plant, then there is the uncertainty of the girl having originally been in the big lake and besides the finding of the hat would not necessarily mean anything save to eliminate certain theories, said he.

All sorts of rumors filled the air Monday and one which caused the greatest stir was that a young man who has been mentioned in connection with the case had been arrested and confessed to the murder, implicating two other young men.

Rumors Are Denied

Prosecuting Attorney Micklethwait and Sheriff E. W. Smith both denied the reports and declared that there was not the slightest foundation for them. The reports seemed to have originated at New Boston.

Chester Lucas, a steel worker, of Stewartville, is another person who is positive of having seen the body of Miss Hosey a day or so before it was found floating in the lake "arm."

Lucas had been going over some steel traps he had set for catching rats. It was early in the morning and before daybreak. He saw something floating in the water about 30 feet north of the bridge leading from the old park entrance to the dancing pavilion. He dismissed it at the time with the thought that it was perhaps a dead dog.

Will Receive Patent On Automatic Fender

William Stillwell, of No. 816 Seventh street, has received word from Washington, D. C., that a patent on his newly invented automatic fender will be granted March 28th.

The fender is said to be a decided improvement over kinds now in use and the local inventor should receive well once he gets the fender on the market.

AUSTRIA AND SAN MARINO AT WAR

Rome, March 6.—Austria considers herself at war with the republic of San Marino is the message conveyed by Frederick C. Penfield, American ambassador to Hungary, to the regents of the smallest state in the world, who had applied through him to have their citizens interned in Austria released.

Austria justified her refusal with the statement that San Marino has committed a gross breach of neutrality.

This little state has had an existence of about 1,000 years. It is situated in northern Italy, 14 miles southwest of Rimini, is 22 square miles in area and has a population of 9,500. The nature of the serious breach of neutrality which Austria alleges that San Marino has committed is not recorded. Soon after the declaration of war by Italy on Austria, it was rumored that San Marino had made a similar declaration but this declaration never was confirmed.

CONGRESS IS READY FOR THE FIGHT OVER ARMED SHIP ISSUE

Washington, March 6.—With the return of President Wilson and members of congress from week-end trips, the meeting of the house rules committee and the recent arrival here of William Jennings Bryan, interest in the fight over armed ships' issue will be revived.

The proposals to warn Americans off armed merchantmen, defeat of which has been urged by President Wilson to strengthen his hands in negotiations with Germany, had been postponed by the house until tomorrow because of the absence of so many members on week-end trips.

The President had engagements to confer with Representatives Bennett, of New York, and Lenroot, of Wisconsin, of the rules committee, which were to pave the way for a vote on the armed ship issue, while Mr. Bryan had a luncheon engagement with Representative Bailey at a hotel within a stone's throw of the capital.

The task before the rules committee today was the framing of a rule to bring before the house tomorrow the report of the foreign affairs committee that the McLemore warning resolution be tabled after limited debate. The rule also was set forth that the president was to be permitted to handle diplomatic affairs without congressional interference.

Administration leaders said they were assured of a full Democratic vote in the committee and a majority on the floor to table the resolution.

Although Mr. Bryan has declared that he would not actively participate in the armed ship fight, his luncheon engagement at a hotel where Speaker Clark, Representative Shackelford and six other congressmen make their homes, attracted great interest.

There will be further debate on the armed ship question during the week in the senate. Chairman Stone, of the foreign relations committee, has prepared a long speech on the whole subject of the position of the United States as related to the European war. Senator Sutherland, of Utah, a Republican member of the committee, will respond.
